WARNING

TO ENJOY A SAFE GAMING ENVIRONMENT

Please use the wall anchor kit that is included with the product.

Serious or fatal crushing injuries can occur from furniture tip-over. To help prevent tip-over:

Set up Arcade1UP on a level floor.
Never allow children to climb or hang on product.
Always set up an anti-tip device!

Use of tip-over restraints may only reduce, but not eliminate, the risk of tip-over.

WARNING: Arcade1UP assumes no liability for improper installation or excessive loads placed on screws or bracket. This wall anchor is not a substitute for proper adult supervision.

Make sure to locate your Arcade1UP on a flat surface

▲ EPILEPSY WARNING	
A very small percentage of individuals may experience epileptic seizures or blackouts when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or when playing video games may trigger epileptic seizures or blackouts in these individuals. To reduce the risk of such a seizure incident, it is recommended to take a 10-15 minute break at each hour of playing.	 This game is designed for indoor and personal use only. It must not be installed outdoors. The following conditions must be avoided. 1. Direct exposure to sunlight, high humidity, direct water contact, dust, high heat, or extreme cold. 2. Vibration. The game must be installed on a level surface. Do not install in an area such that the game would present an obstacle in case of an emergency (i.e., near fire equipment or emergency exits).
FCC STATEMENT	SPECIFICATIONS
This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.	This product is intended for use only with the adapter provided: Manufacturer: Blue Iron Holdings Ltd. Model: BI36-120300-U2
Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.	POWER SUPPLY: AC/DC Adapter INPUT POWER: AC 100-240V~50/60Hz 1.2A Max
NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:	OUTPUT POWER: DC12V == 3A MONITOR: 17" LCD CABINET ASSEMBLED DIMENSIONS (WITHOUT RISER): 45.5" x 31.5" x 24.75" (115.5cm x 80cm x 63cm) • The AC/DC adapter is used as disconnect device. • The AC/DC adapter of apparatus should not be obstructed OR should be easily accessed during intended use. • To completely disconnect the power input, the AC/DC adapter of apparatus shall be disconnected from the mains.
 Reorient or relocate the receiving antenna. Increase the separation between the equipment and receiver. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio / TV technician for help. 	Before contacting us for assistance or service, please check the "Troubleshooting" section in the User Manual. If you still have questions regarding your Arcade1Up product or require technical support. Contact Arcade1Up Customer Service at www.Arcade1Up.com and click on "Support".
