

Wingtech Group (Hong Kong) Limited

Flat/RM 1903 19/F, Podium Plaza, 5 Hanoi Road, Tsim Sha
Tsui, KL, HK

Date:2024/4/19

Attestation

We, Wingtech Group (Hong Kong) Limited, attest that this device under FCC ID: 2APXW-TMRV07P5G complies with device protocol requirements and operational restrictions: for Dual Client 6CD.

- a. The product does not support 6PP category and the maximum power does not exceed authorized values.
- b. this device will only associate and connect with a low-power indoor Access Point, subordinate device, or standard access point and never directly link to any other client devices
- c. this device will always initiate transmission under the control of a low power indoor AP or subordinate or standard client except access point for brief communications before joining a network. These quick messages will only occur if the 987594 D01 U-NII 6GHz General Requirements v02r02 client has detected an indoor AP, subordinate, or standard access point operating on a channel. These brief messages will have a time-out mechanism such that if it does not receive a response from an AP it will not continually repeat the request.
- d. this device, when associated and connected with a low-power indoor access point, subordinate or standard access point device, will operate at a power lower as advertised by the indoor access point, subordinate, or standard access point:
 - i. lower than or equal to the power advertised by the low-power indoor access point or subordinate and never above the maximum output power allowed by the FCC certificate for clients associated with indoor clients or subordinates.
 - ii. lower than or 6 dB below the power advertised by the standard access point.
- e. We acknowledging the device is prohibited for control of or communications with unmanned aircraft systems, including drones.
