FCC Compliance

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation

RF Exposure Warning Statements:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

IMPORTANT SAFETY INSTRUCTIONS

READ AND FOLLOW ALL SAFETY INFORMATION AND INSTRUCTIONS.
PLEASE KEEP FOR FUTURE REFERENCE

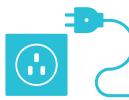

To ensure correct and safe installation, usage and functioning of the product, always follow these instructions carefully and keep for future reference.

Use ONLY the provided USB-C cable and AC power adapter. For sufficient brightness, ensure an input power of more than 5V 2A.

The luminaire cannot be replaced, please do not dismantle or modify by yourself. Otherwise it will be deemed as waiver of warranty.

Always unplug the light prior to installation, maintenance or carrying out any repair activities.

Follow local regulations regarding disposal or recycling of the device and components.

If you have any product problems during use, please contact the Customer Support at info@laviewusa.com

DO NOT place or operate near extreme heat sources, moisture, or corrosive substances.

DO NOT operate any light with a damaged cord or after malfunction occurs, or damaged in any manner.

DO NOT remove the power plug with wet hands as it may cause electrical shock.

The light is not water proof or rugged.

Please use a dry cloth to clean and get rid of dust on a regular basis.

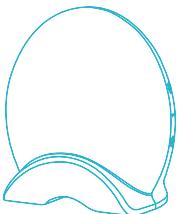

The light may contain tiny gadgets, Please keep kids away from them.
