

Glimpse Photo Frame with Wireless Charging Pad

Instruction Manual AB0196

Features:

- Photo Frame (4" * 6")
 - Wireless Charging Pad Surface
- LED Indicator
 - Micro-USB Input Port
 -

What's included:

- 1 x Wireless Charging Photo Frame
- 1 x USB to Micro-USB Charging Cable
- 1 x Instruction Manual

Tech Specifications

- Input power: 5V/1.5A
- Wireless Charging Output: 5V/1A

INSTRUCTIONS:

1. Charging Mobile Devices:

- Connect the provided charging cable to a power source and to the micro USB port on the photo frame(4).
- Once connected, place wireless charging supported mobile device on the charging surface/suction pad, LED will glow white when device is charging.
- Phone will begin to charge automatically, Wireless Charging LED(3) will turn off when the device is fully charged.

**** Note:** When wireless charging, if the LED indicator flashes the device is either NOT a wireless charging device or there is an object between the device and charging surface interfering with the charging.

SAFETY PRECAUTIONS:

- WARNING-When using this product, basic precautions should always be followed:
- Read all the instructions before use.
 - Never store or use this product in temperatures below 32°F (0°C) or above 115°F (45°C).
 - Do not overcharge your phone. The unit may become hot under excessive use. Remove your phone once it is fully charged. Never charge your phone for more than 7 hours at a time.
 - Do not expose the device to moisture.
 - Do not use the device in excess of its output rating. Overload outputs above the rating may result in a risk of fire or injury.
 - Do not use the device if damaged or modified.
 - Do not disassemble the device. For repairs, seek a qualified service professional. Incorrect reassembly may result in a risk of fire or injury.
 - To ensure product safety, ensure that qualified service professionals use only identical replacement parts.
 - Attachments on the back of your phone can impede the effectiveness of the wireless charger, and lead to overheating. Please remove attachments from the phone before charging on this device.

FCC Statement:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

* Warning:

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation..

FCC Warning Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
