Wireless Charger

Item No.:AB0332

Product Overview:

- ① Charging area
- ② Indicator Light
- ③ TYPE-C
- ④ Instruction sheet
- ⑤ TYPE-C Charging Cable

Specifications:

Input: 5V 2A, 9V 1.67A
 Wireless Output: 5V 1A, 9V 1.1A
 Working distance: 6mm
 Working efficiency ≥63%

Magnetic alignment suitable for compatible devices only.
 Suitable for all mobile devices with Qi technology.
 Wireless charging up to 15w high-speeding charging for compatible devices.

Operation:

1. Connect the cable into a USB port or into a USB AC adapter.
2. Put your Qi compatible device on top of the wireless charger, ensuring that it is face up and centrally positioned.
3. When the wireless charge is working correctly a white light of the USB connector will light up.

Note: If your phone has a protective case you may need to remove it for a successful connection when using the wireless charger.

WARNING WORDS:

This device has been tested and found to comply with Part 18 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This device generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this device does cause harmful interference to radio or television reception, which can be determined by turning the device off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the device and receiver.
- Connect the device into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment

This device complies with Part 18 of the FCC rules. Operation is subject to the following two conditions: 1) this device may not cause harmful interference, and 2) this device must accept any interference received, including interference that may cause undesired operation.

The distance between user and products should be no less 20cm
