

# Portfolio with Wireless Power Bank

Wireless charging

4000 mAh Powerbank

Powerbank Re-Chargeable Port

## PORTFOLIO WITH WIRELESS POWER BANK

## TO USE

Charge Your Tablet, Mobile Phone  
And Portable Devices On The Go  
Please charge fully before use!

### FEATURES

Lithium polymer battery  
Rechargeable via micro USB port

### SPECIFICATION

Battery Type:Lithium Polymer  
Battery Capacity:4000mAh  
Charge input Current:1A  
Charge input Voltage: 5V  
Wire Charge output Current: 2.1A  
Wire Charge output Voltage: 5V  
Wireless Charge output Current : 1A  
Wireless Charge output Voltage : 5V  
Operating T:0 to 40 C/32 to 104 F  
Storage&Transportation T:-20 to 50 C/-4 to 122 F

### SAFETY

Do not operate in wet conditions  
Do not charge the Power bank in extreme temperatures  
(40 C/100 F or below 0 C/32 F)

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part

15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

**RF Exposure Warning Statements:**

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment shall be installed and operated with minimum distance 20cm between the radiator & body.
