FUNCTION OVERVIEW

Lens, Focus, Keystone, Air Outlet, Memory Card Slot, Audio Out, AV In, HD-1, HD-2, USB, Input Source, Power Button, Right, Down, OK, Menu/Back, Play/Pause, Left, Up, Play/Pause, Power Button, Fast Reverse, Up, Left, Volume, Menu, Mute, Fast Forward, Right, Down, Input Source, Volume, Menu, Power Input, Air Inlet, Speaker, VGA

support.uk@vankyo.com

QUICK START

support.uk@vankyo.com

INPUT SOURCE

Press **Input Source** on the projector or remote to enter the interface of Input Source.

A.USB Connection

B.HD Connection

C.VGA Connection

support.uk@vankyo.com

D.Screen Mirroring

PROJECTOR CONNECTIONS

support.uk@vankyo.com

SCREEN MIRRORING

Important: Before screen mirroring, please press the **Input Source** button on the projector/remote to enter the interface of Input Source and select Screen Mirroring.

Screen Mirroring through Wireless Connection

For iOS System

- Streaming with cellular data
- Streaming with cellular data
- Streaming with cellular data

support.uk@vankyo.com

Screen Mirroring for iOS System

- Turn on the projector, select Screen Mirroring as the input source to enter the interface of Screen Mirroring for iOS System.
- Go to the settings of your iOS mobile device and connect it to the WiFi of LEISURE470-XXXXXX (pwd: 12345678). Please ignore the warning mark below.
- Activate Screen Mirroring/AirPlay on your iOS mobile device and search for the projector.
- Go to the settings of your iOS mobile device and connect it to the WiFi of LEISURE470-XXXXXX (pwd: 12345678).
- Visit <http://192.168.43.1> from a browser on your mobile device, tap WiFi > Scan, select your router's WiFi and enter the right password, then tap Connect to continue.

support.uk@vankyo.com

Screen Mirroring for iOS System

- Turn on the projector, select Screen Mirroring as the input source to enter the interface of Screen Mirroring for iOS System.
- Go to the settings of your iOS mobile device and connect it to the same router's WiFi.
- Go to the settings of your iOS mobile device and search for the projector, then select LEISURE470-XXXXXX from the searching results to connect.
- The live streaming content from your iOS mobile device will be projected to the wall/screen through WiFi connection.

support.uk@vankyo.com

For Android System

To activate this function, your android device must support Multi-Screen/Wireless display. Names may differ from different devices.

- Turn on the projector, select Screen Mirroring as the input source, then press the OK button on the projector/remote to switch to the interface of Screen Mirroring for Android System.
- Turn ON the WiFi Switch in your Android device. Successfully connected WiFi on Android device is not a must unless the live streaming content is needed.
- Activate Multi-Screen function on your Android device and search for the projector.
- Select LEISURE470-XXXXXX from the searching results to connect.
- Your Android device display will be projected to the wall/screen after a successful connection.

Upgrade the Firmware Version of Screen Mirroring

- Turn on the projector, select Screen Mirroring as the input source to enter the interface of Screen Mirroring for iOS System.
- Go to the settings of your iOS mobile device and connect it to the WiFi of LEISURE470-XXXXXX (pwd: 12345678).
- Visit <http://192.168.43.1> from a browser on your mobile device, tap WiFi > Scan, select your router's WiFi and enter the right password, then tap Connect to continue.
- Tap Settings on the interface, scroll down to the bottom of the page, then tap Upgrade.
- Tap OK to start upgrading the firmware version of screen mirroring module if it is available.

support.uk@vankyo.com

Screen Mirroring with the USB Cable

For iOS System

- Turn on the projector, select Screen Mirroring as the input source to enter the interface of Screen Mirroring for iOS System.
- Connect your iOS mobile device to the USB port of the projector with the ORIGINAL lightning cable.
- Select Trust in the pop-up window of Trust This Computer.

For Android System

- Turn on the projector, select Screen Mirroring as the input source, then press the OK button on the projector/remote to switch to the interface of Screen Mirroring for Android System.
- Tap Trust This Computer? Your settings and data will be accessible from this computer when connected wirelessly or using a cable.

FCC Statement

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- This device may not cause harmful interference, and
- This device must accept any interference received, including interference that may cause undesired operation of the device.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

support.uk@vankyo.com

ISED Warning

This device complies with Industry Canada licence exempt RSS standards. Operation is subject to the following two conditions:

- This device may not cause interference, and
- This device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- L'appareil ne doit pas produire de brouillage, et
- L'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

The device is compliance with RF exposure guidelines, users can obtain Canadian information on RF exposure and compliance The minimum distance from body to use the device is 20cm.

Le présent appareil est conforme aux normes de radiation sans fil conformes aux limites d'exposition de champ RF. Les utilisateurs peuvent sur l'exposition aux radiofréquences et la conformité et compliancy d'acquies les informations correspondantes. La distance minimale du corps à utiliser le dispositif est de 20cm.

CAUTION

The symbol indicates AC voltage.

RECYCLING

This product bears the selective symbol for waste electrical and electronic equipment (WEEE). This means that this product must be handled pursuant to European directive 2012/19/EU in order to be recycled or dismantled to minimize its impact on the environment. This product can be used across EU member states.
