Modular Approval Request

FCC ID: 2AQ4D-RFIDREADER

The following attestation addresses the requirements to support modular approval:

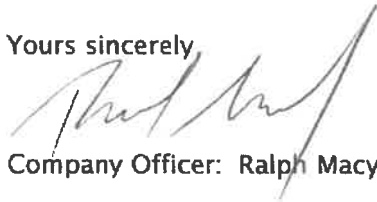

Modular approval requirement	Yes (provide brief statement)	No *
(a) The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly		The RFID board will only be used in host systems manufactured by Frymaster. The module will not be end user accessible. Only Frymaster trained field service engineer will be able to install and repair the module in a host.
(b) The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal	The microcontroller on the host will provide buffered data input.	
(c) The module must contain power supply regulation on the module	The module provides power supply regulation. The host also provides regulated power for the module.	
(d) The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per Sections 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b)		The module uses custom antennas that are not user accessible

(e) The module must demonstrate compliance in a stand-alone configuration		The device was tested in the host models:- MHC22SNT1T MHC22SNL1T MHC24SNT2T MHC52SNT1T MHC54SNT1T
(f) The module must be labelled with its permanently affixed FCC ID label, or use an electronic display (See KDB Publication 784748 about labelling requirements)	Yes, see label example	
(g) The module must comply with all specific rules applicable to the transmitter. The grantee must provide comprehensive instructions to explain compliance requirements	Yes, see test report and user manual exhibits	

Modular approval requirement	Yes (provide brief statement)	No *
(h) The module must comply with RF exposure requirements	Yes, see exposure exhibit	

* Please provide a detailed explanation if the answer is "No."

Yours sincerely,
