Re: FCC ID: 2AQ4D-RFIDREADER

To Whom It May Concern:

The following application is submitted on behalf of our client, Frymaster LLC, for evaluation of their model RFIDREADER for a C2PC certification under FCC Part 15.225.

The C2PC is to add new host devices to the limited modular approval.

I have reviewed the application and supporting documentation and have found them to comply with FCC requirements. I recommend this application for certification.

Yours sincerely
