## Safety Instructions

Read and follow all the safety instructions:

- The product is not water resistant, be cautious when installing and using.
- Use the product with the provided power adapter only.
- Be cautious of static electricity during installation and usage. Keep the product away from sharp objects or strong corrosive chemicals.
- When bending the strip lights during installation, avoid folding the LED components as it may affect the product's life span.
- Remove nails, metal, or other conductive objects from the installation surface before attaching the strip light, as it may cause short-circuiting.
- Do not install the strip light near any heat sources.
- Do not allow children to install the strip light alone.
- Avoid installing the strip light near potentially dangerous sources (e.g., candles, liquid-filled objects).
- Unroll the strip lights before powering them on.

01

## Introduction

## FCC Statement

This device complies with Part 15 of the FCC Rules . Operation is subject to the following two conditions:  
(1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.  
Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
4. Consult the dealer or an experienced radio/TV technician for help.

## FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

Non-replaceable light source.  
Not intended for illumination. Only used for creating ambiance.

- 1.Do not connect the rope light to the supply while it is in the packing or wound onto a reel;
- 2.Do not use the rope light when covered or recessed into a surface;
- 3.Do not open or cut the rope light;
