Thanks card	1
User manual	1

Specifications

Working voltage	AC100~240V
Length	24ft
Color	RGB
Control method	APP+Remote
Waterproof grade	IP65
Operating temperature	-20°C—55°C

Instructions

1. Download the APP

Search and download the APP "Govee Home" in APP store (IOS) or Google Play (Android).

2. Pair and connect

- Please make sure that the string light is powered on, turn on the Bluetooth of your phone and then connect it to Wi-Fi.
- Enter the APP to add the device, please click the "+" symbol in the upper right corner of the application homepage to enter the APP product list, select "H7022" in the LED Bulbs category, and when "H7022-XXXX" device is searched, click connect.
- After the connection, you can name your light, click "Finish" to enter the Wi-Fi configuration page (can be skipped), enter the Wi-Fi password, and click OK to wait for the Wi-Fi connection to succeed. If you choose to skip, you can control the string light directly via Bluetooth.

3. Link with Alexa or Google Assistant

After pairing, the device will display in home page. Click the device name and enter Device detail page, click the Settings icon at the top right corner. Choose "Voice control user guide" and follow the steps to link with Alexa or Google Assistant.

4. Notice

- You can connect 4 lights in parallel at most.
- Turn on Bluetooth when configuring Wi-Fi in settings, this device does not support 5G Wi-Fi.
- When using the music mode, please keep the sound source as close as possible to the control box.

Customer Service

We are looking forward to provide the perfect services for you, and will pay attention to your feedback.

Should you have any question, please give me the letter via support@govee.com

FCC STATEMENT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- 1.Reorient or relocate the receiving antenna.
- 2.Increase the separation between the equipment and receiver.
- 3.Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- 4.Consult the dealer or an experienced radio/TV technician for help.
