RE: CONFIDENTIALITY REQUEST FOR BONNIE & CLYDE LTE-M1 IOT  
MODULE, BLE ENABLED, FCC ID: 2AQHSF0010262

To Whom It May Concern:

This letter serves as an official request for confidentiality under sections 0.457 and 0.459 of CFR 47. We have requested that the internal photos required to be submitted with this application be permanently withheld from public review.

The electronics of the device are sealed with glue inside the plastic housings and filled with potting so the internal components are not accessible to users. In addition, antenna plastic housings are also welded together by ultrasonic welding technology. The device is not sold to the general public, it is only sold to bike manufacturers and the device is not designed to be serviceable and we do not provide support for repair.

All sales of the non-consumer device will be under a NDA to include third party sales and the final user of the device is subject to the NDA.

This request is made under the provisions of Section 0.457 (d) of the Commission's Rules, and Section 552 (b)(4) of the Freedom of Information Act. These sections authorize the withholding from public inspection, those materials which would be privileged as a matter of law if retained by the person submitting them, and materials which would not customarily be released to the public by that person.

Please contact me if there is any information you may need.

Sincerely,

A handwritten signature in black ink, appearing to read 'Teet Praks', written in a cursive style.
