<p>5. Now the SmartTag is ready to use.</p> <p>Notice: this product only apply to iOS 14.5 and higher iPhone and iPad.</p> <p>Battery Replacement</p>  <p>Step 1: rotate anticlockwise</p> <p>Step 2: push side upward</p> <p>Step 3: rotate clockwise</p> <p>Notice: Please replace it with the same CR2032 battery, or it may cause fire or electric shock.</p>	<p>Specifications</p> <p>Model: 60387</p> <p>Bluetooth version: 5.2</p> <p>Transfer distance: 50m (barrier-free)</p> <p>Waterproof: IP67</p> <p>Frequency range: 2400MHz-2483.5MHz</p> <p>Frequency response: 20Hz-20KHz</p> <p>Battery type: CR2032</p> <p>Battery rated capacity: 240mAh</p> <p>Battery lifetime: 12 months and higher</p> <p>Compatibility: iOS 14.5 and higher iPhone and iPad</p> <p>Safety Instructions</p> <ul style="list-style-type: none"> • Avoid moisture. Do not use aerosol, solvent or abrasive agents to clean the product. • Keep out of reach of children to avoid accidental swallowing. • The product has built-in battery, please stop use when it is swollen. • Do not expose the product to excessive temperature. • Stop using when the product is submerged. 	<p>Important WEEE Information</p> <p>This symbol on the product(s) and/or accompanying documents indicates that, under the new Directive 2012/19/EU on waste electrical and electronic equipment (WEEE), product(s) used electrical and electronic equipment (WEEE) should not be mixed with general household waste. For proper treatment, recovery and recycling, please take the product(s) to designated collection points where it will be accepted free of charge.</p> <p>Disposing of this product correctly will help save valuable resources and prevent any potential negative effects on human health and the environment, which could otherwise arise from inappropriate waste handling.</p> <p>Please contact your local authority for further details of your nearest designated collection point.</p> <p>Responsibilities may be applicable for incorrect disposal of this waste, in accordance with your national legislation.</p> <p>For professional users in the European Union If you wish to discard electrical and electronic equipment (EEE), please contact your dealer or supplier for further information.</p> <p>For disposal in countries outside of the European Union This product is only valid in the European Union (EU). If you wish to discard this product, please contact your local authorities or dealer and ask for the correct method of disposal.</p> <p>Warranty Information</p> <p>A limited 1-year warranty applies to all UGREEN products purchased from UGREEN official store or authorized sellers. Please feel free to contact us if you run into any problems.</p>	<p>FCC Statement</p> <p>This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.</p> <p>Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.</p> <p>FCC Radiation Exposure Statement</p> <p>This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.</p> <p>Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</p> <ul style="list-style-type: none"> —Reorient or relocate the receiving antenna. —Increase the separation between the equipment and receiver. —Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. —Consult the dealer or an experienced radio/TV technician for help. <p>The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.</p>
