PRODUCT OVERVIEW

Earbuds

- ① Touchpad
- ② LED Indicator
- ③ Sensor for Tap
- ④ Microphone
- ⑤ Page Pin Charging Contacts
- ⑥ Earhook

Charging Case

- ⑦ Charging Port
- ⑧ Page Pin Charging Contacts
- ⑨ LED Indicator

SPECIFICATIONS

Product	Hitune True Wireless Stereo Earbuds
Model	WS100
Version	Bluetooth V5.2
Protocol	HSP, HFP, A2DP, AVRCP
Bluetooth Frequency	2400MHz-2483.5MHz
Bluetooth Range	10m
Codec	Qualcomm aptX™, AAC, SBC
Frequency Response	20Hz-20KHz Hz
Speaker Frequency	2000-12KHz
Speaker Impedance	16Ω, 32Ω, 64Ω
Microphone Sensitivity	>40dB
Earbuds Capacity	270mAh
Charging Case Capacity	300mAh (nominal battery)
Charging Case Capacity	3000mAh (TVS Lithium)
Charging Input Voltage	5.2V
Charging Case Input	5V/2C
Full Charge Time (Earbuds)	1.5h
Full Charge Time (Case)	2h
Charging Case Color	1. Black
Charging Case Detail	5cm (Depth)
Operating Time	30 mins play on a single charge 20 mins play with charging case

IMPORTANT WEEN INFORMATION

This symbol on the product(s) and/or accompanying documents indicates that, under the new Directive 2012/19/EU on waste electrical and electronic equipment (WEEE), product(s) used electrical and electronic equipment (WEEE) should not be mixed with general household waste. For proper treatment, recovery and recycling, please use this product(s) to designated collection points where it will be accepted free of charge.

Disposing of this product correctly will help save valuable resources and prevent any potential negative effects on human health and the environment, which could otherwise arise from inappropriate waste handling.

Please contact your local authority for further details of your nearest designated collection point.

Penalties may be applicable for incorrect disposal of this waste, in accordance with your national legislation.

For professional users in the European Union

If you wish to discard electrical and electronic equipment (EEE), please contact your dealer or supplier for further information.

For disposal in countries outside of the European Union

This symbol is only valid in the European Union (EU). If you wish to discard this product, please contact your local authorities or dealer and ask for the correct method of disposal.

FCC STATEMENT

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC RADIATION EXPOSURE STATEMENT

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

U.S. Government Acquisition Information

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
