## RE: New Family Listing Declaration

Please review the attached exhibits supporting our request for applying New Family Listing to the FCC ID: **2AQISPOUT-01401-01** for Company Name: BROS & COMPANY INC. Product Description: Wireless Charging Mouse

Base model: POUT-01401-01

Additional model(s): POUT-01401-02, POUT-01401-03

The only difference between the base model POUT-01401-01 and the additional model(s) POUT-01401-02, POUT-01401-03 is as follows:

Model Name	Differences
POUT-01401-02	This model is identical to the basic model except the uninstall of USB charging function and DPI button.
POUT-01401-03	This model is identical to the basic model except the uninstall of USB charging function.

All variant model numbers listed are electrically identical in terms of RF characteristics and the difference between the base model and variant models are in the features described in this letter. The difference in these features do not change the RF performance in these variant models and thus only the worst case model (the base model) was tested.

Should you have any questions, please contact us.

Sincerely,

---
