

Wavo Pro™

Features overview

- 1 Backup Channel/Mono Mix
- 2 Primary Microphone level
- 3-9 Power, Charge & Battery power level indicator
- 4 BT connection
- 5 2nd Microphone level
- 6 USB / charge
- 7 Input gain secondary mic
- 8 Lavalier
- 10 Output gain to camera
- 11 Camera mic

Troubleshooting

Issue	Solution
Unit does not turn on	
Sound is distorted	Check that the audio cable is completely inserted into the camera. Camera input gain may be set too high, resulting in clipping. Try lowering the gain. If the camera's gain appears to be adjusted properly, try setting the gain switch to 0 or -10 dB. If listening through headphones, check the connection or try using a different pair.
No sound	Make sure the microphone is on and that the audio cable is connected to the correct audio input jack on the camera. If the camera doesn't register a signal, try increasing the camera gain or setting the gain switch to +20.

Download JOBY Wavo app.
Téléchargez l'application
JOBY Wavo.

Connect to the led using only the JOBY Wavo app

Warning: Do not connect to Led using Smart Phone's Bluetooth setting or App will not be able to find light

Connectez-vous au LED en utilisant uniquement l'application JOBY Wavo.

Attention: Ne vous connectez pas au Led à l'aide du paramètre Bluetooth du téléphone au risque d'empêcher à l'application de trouver la lumière

FCC STATEMENT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/ TV technician for help.

That changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated without restriction.

ISED Statement

English: This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

The digital apparatus complies with Canadian CAN ICES-3 (B)/NMB-3(B).

French: Cet appareil contient des émetteurs/récepteurs exempts de licence qui sont conformes aux RSS exemptés de licence d'Innovation, Sciences et Développement économique Canada.

L'exploitation est soumise aux deux conditions suivantes :

- (1) Cet appareil ne doit pas provoquer d'interférences.
- (2) Cet appareil doit accepter toute interférence, y compris les interférences susceptibles de provoquer un fonctionnement indésirable de l'appareil.

l'appareil numérique du ciem conforme canadien peut - 3 (b) / nmb - 3 (b).

This device meets the exemption from the routine evaluation limits in section 2.5 of RSS 102 and compliance with RSS 102 RF exposure, users can obtain Canadian Information on RF exposure and compliance.

cet appareil est conforme à l'exemption des limites d'évaluation courante dans la section 2.5 du cnr - 102 et conformité avec rss 102 de l'exposition aux rf, les utilisateurs peuvent obtenir des données canadiennes sur l'exposition aux champs rf et la conformité.

The device is compliance with RF exposure guidelines, users can obtain Canadian information on RF exposure and compliance.

Le présent appareil est conforme Après examen de ce matériel aux conformité ou aux limites d'intensité de champ RF, les utilisateurs peuvent sur l'exposition aux radiofréquences et la conformité and compliance d'acquérir les informations correspondantes.
