More energy.

## 1/3 PRODUCT OVERVIEW

Wireless Output FAST CHARGING 10W USB-C™5V/2A, 9V/1.67A IN

### SPECIFICATIONS

**Output** Qi Wireless 5W, 7.5W, 10W  
**Input** USB-C™ 5V/2A, 9V/1.67A\*  
**Recommended adapter** CX022 - Xtorm AC Adapter USB Quick Charge 3.0 (or comparable QC 2.0/3.0 adapter)  
**Wireless technology** Qi technology  
**Dimensions** 80x80x13mm  
**Weight** 71 grams

Including USB to USB-C cable & manual.

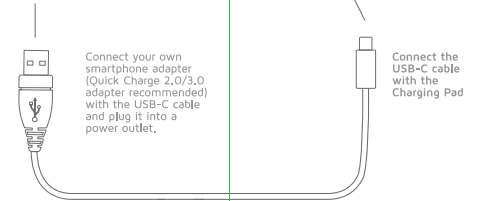

Compatible with Qi Wireless devices (e.g. Apple, Samsung, and others)

\*to achieve the minimum output of 5W use a 5V/2A adapter.

USB Type-C™ and USB-C™ are trademarks of USB Implementers Forum.

## 2/3 QUICK START | FIRST USE

Connect your own smartphone adapter (Quick Charge 2.0/3.0 adapter recommended) with the USB-C cable and plug it into a power outlet.

Connect the USB-C cable with the Charging Pad

### IN THE BOX

WIRELESS FAST CHARGING PAD (Qi) BALANCE

USB TO USB-C CABLE

MANUAL

All Design Series products incorporate the latest Qi wireless charging technology. This product supports Apple Wireless Fast Charging, which enables you to charge your iPhone at 7.5W.

Some Qi compatible devices are able to charge at speeds of up to 10W. To achieve this high output it is necessary to connect this wireless charger to a Quick Charge 2.0/3.0 adapter.

The Design Series uses quality materials like aluminium and canvas. The fabric on top of the charging pad is finished with an anti-slip "plus" marker, making sure your smartphone is perfectly positioned and doesn't slide off while charging.

Simply place your smartphone on the surface of the pad and charging starts automatically. You don't even have to remove your protective case, all products are engineered in such a way that they easily charge through covers.\*

All Xtorm products have a 2 year warranty in case something goes wrong. We ensure that you will receive a replacement if the product fails within 2 years.

\* A metal case has a negative effect on the charging process because Qi wireless charging works by using a system of magnetic induction coils.

### EN: Warnings

Don't drop, disassemble or attempt to repair the charger by yourself  
Avoid exposure to water or high humidity  
Don't expose to any heat source  
Keep out of reach of children  
Don't use in the presence of flammable gas

### NL: Waarschuwing

Probeer de lader niet zelf te repareren of te demonteren  
Vermijd blootstelling aan water of een hoge luchtvochtigheid  
Niet blootstellen aan een warmtebron  
Buiten bereik van kinderen houden  
Niet gebruiken in de aanwezigheid van brandbaar gas

### DE: Achtung

Versuchen Sie nicht, den Solar Lader selbst zu reparieren (Garantieverlust)  
Vermeiden Sie hohe Luftfeuchtigkeit oder Kontakt mit Wasser  
Verwenden Sie das Gerät nicht in der Nähe von brennbaren Gasen oder Flüssigkeiten  
Halten Sie das Gerät fern von Hitzequellen  
Ausser Reichweite von Kindern halten

### FR: Attention

Né pas faire tomber ou démonter ou tenter de réparer le produit soi-même  
Ne pas exposer le produit à l'eau ou dans un endroit trop humide  
Ne pas poser le chargeur solaire près d'une source de chaleur  
Tenez hors de portée des enfants  
Ne pas utiliser en présence de gaz inflammables

### IT: ATTENZIONE

Non usare vicino ad una fiamma.  
Non esporre vicino a fonti di calore elevato  
Non modificare la struttura o disassemblare  
Smettere di utilizzare immediatamente nel caso si sentano odori strani, calore, o strani rumori provenienti dallo stesso.  
Non lasciar giocare i bambini  
Usare solo in luoghi sicuri  
Riciclare l'apparato secondo le norme vigenti nella nazione di utilizzo

### CZ: UPOZORNĚNÍ

Neupouštějte, nerozebírejte, ani se nepokoušejte spravit nabejkou sami  
Vyvarujte se působení vody nebo vysoké vlhkosti  
Nevystavujte topkřem zátrožem  
Uchovávejte mimo dosah dětí  
Nepoužívejte v blízkosti hořlavých plynů

### SK: Upozornenia

Neupoušťajte, nerozoberajte, ani sa nepokúšajte opraviť nabejkou sami  
Vyvarujte sa pôsobeniu vody alebo vysokej vlhkosti  
Nevystavujte topkřem zátrožem  
Uchovávejte mimo dosah dětí  
Nepoužívejte v blízkosti hořlavých plynů

### SE: varning

Tagga inte, ta inte isär eller försök reparera  
Laddaren själv  
Utsätt inte för vatten eller hög fuktighet  
Utsätt inte för värme  
Förvaras utom räckhåll för barn  
Använd ej i närheten av lättändliga gas

### 3/3 CHARGE YOUR MOBILE DEVICE | WIRELESSLY

Make sure the Charging Pad is connected to a USB adapter (Quick Charge 2.0/3.0 adapter is recommended) with a USB to USB-C cable.

When connected, simply place your smartphone on the surface of the pad and charging starts automatically.

You don't even have to remove your protective case, all products are engineered in such a way that they easily charge through covers.\*

\* A metal case has a negative effect on the charging process because Qi wireless charging works by using a system of magnetic induction coils.

Your smartphone will indicate charging status.

### COMPATIBLE WITH

Smartphone with Wireless Qi

#### FCC Statement

This device complies with part 15 and part 18 of the FCC Rules. Operation is Subject To the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Changes or modifications not explicitly approved by the party responsible for compliance could void the user's authority to operate this equipment. Note: this equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 and part 18 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
  - Increase the separation between the equipment and receiver.
  - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
  - Consult the dealer or an experienced radio/TV technician for help. The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. During the operation of device a distance of 15 cm surrounding the device and 20cm above the top surface of the device must be respected.
- This device complies with Part 18 of the FCC Rules. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Increase the separation between the equipment and any other radio device.
  - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
