Don't place the device directly on the ground or attach to a

仕様

サイズ:幅2.8×奥行1.5×高さ6.7cm
材質:PC/ABSアロイ、シリコンゴム
防滴:生活防水

※雨が直接かからない場所でご使用ください。

電源:ボタン電池(CR2032) 1個

Specification

Dimension : W2.8 x D1.5 x H 6.7 cm
Materials : PC / ABS alloy, Silicon rubber
Water resistant : practical water resistant

* Make sure to place the device where rain won't directly contact.

FCC Warning

This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.

- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The distance between user and products should be no less than 20cm
