

Parameters	Descriptions
Air Interface Protocol	<ul style="list-style-type: none"> EPC Class1 Gen2 UHF ISO 18000-6C
Operating Frequency	<ul style="list-style-type: none"> EU & Middle East: 865.6-867.6 MHz US & Canada: 902-928 MHz
Antennas	8 RF ports connected to 5-8.5 dBic Circular polarised
Antenna Cables	1-15m LMR-240 or 1-10m LMR-195
Controller Sensitivity	-100dBm
User interface	RangerDB <ul style="list-style-type: none"> Provides basic control of the Reader functions Presents tag data in local database Displays tag information
Transmit Power	2W EIRP in Europe & Middle East 4W EIRP in US & Canada
Network Connectivity	10/100 Base-T Ethernet
IP Address Configuration	DHCP or fixed IP
USB	Micro USB Client for accessing Embedded O/S
Power Supply	100-240VAC to 24VDC 4A
Operating Temperature	0 °C to +30 °C
Dimensions	25cm x 25cm x 5cm
Weight	2 kg
