

<p><b>Instruction Manual for LED Table Lamp</b></p>	<p><b>Product Introduction</b></p> <p>Please read carefully before using and keep it properly.</p>  <p>USB Port DC Power Output</p>	<p><b>Operation Instructions</b></p> <p><b>1. Power connection</b></p> <p>Plug in the power adapter into the lamp base, and the LED lamp light up to avoid the screen flicking effect.</p>  <p><b>Notice:</b></p> <ul style="list-style-type: none"> <li>• Please use the original power supply, do not use the cable extension or splitter, otherwise the product may not be assembled.</li> <li>• Do not use an adapter which not match with output 12V.</li> <li>• If the light flickers or noisy, please timely check the power supply.</li> <li>• Do not connect the adapter metal joints with other metals, or permanent damage to your product or other damages may result.</li> <li>• The original adapter is for this product only, and do not support for other use.</li> </ul>	<p><b>2. Light Control</b></p> <p><b>LED Lamp adjustment:</b> Press the "O" key to turn on/off the lamp lamp, press the "S" key to switch temperature color: cold light, warm light, cold and warm light cycle adjustment.</p> <p><b>Short press the "C" key to increase brightness, short press the "V" key to decrease the brightness.</b></p> <p><b>When the LED light and colored light turn on at the same time, press the "O" key to turn off the LED light and colored light together.</b></p> 	<p><b>Color lamp adjustment:</b></p> <p>Short press "O" key to open the color lamp. The color key mode is color light, warm light, cold light, cold and warm light cycle adjustment, warm light, cold light, cold and warm light cycle adjustment, cold light, warm light, cold and warm light cycle adjustment.</p> <p>Long press "O" key to turn on/off the color lamp.</p> 	<p><b>FCC Statement</b></p> <p>Changes or modifications not expressly approved by the party responsible for compliance could void the user's warranty to operate the equipment.</p> <p>This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates and can receive radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</p> <ul style="list-style-type: none"> <li>• Reorient or relocate the receiving antenna.</li> <li>• Increase the separation between the equipment and receiver.</li> <li>• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.</li> <li>• Consult the dealer or an experienced radio/TV technician for help.</li> </ul> <p>This equipment complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.</p> <p>This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.</p>				
<p><b>3. Charging function</b></p>  <p>Wireless charger: Electronic products that support Qi wireless charging function can be charged by placing them in the middle of Qi.</p> <p>USB Supports 5V/2.1A power devices</p>	<p><b>4. Illumination Angle Adjustment</b></p>  <p>Warning: Please do not over-adjusting the joint activity parts to avoid any damage to the lamp.</p>	 <p>Table Lamp DC Adapter User Manual</p> <p>Note: The product, accessories, user interface and other illustrations in the manufacturer's schematic diagram for reference only. Due to product upgrade and production may be slightly different from the schematic diagram. Please refer to the object.</p>	<p><b>Specification</b></p> <p>Model: G1</p> <p>Maximum Power: 30W±10%</p> <p>LED Lamp power: 4.2W</p> <p>Lumens: 400-500LM</p> <p>Color temperature range: 5000±200K-2800K±200K</p> <p>USB output: 5V/2.1A</p> <p>Wireless charger power: 5W</p> <p>Color rendering index: Ra&gt;80</p> <p>Lighting size: 404*127*81/160mm</p> <p>Color temperature range: 5000±200K-2800K±200K</p> <p><b>Cautions</b></p> <ul style="list-style-type: none"> <li>• Please wipe it by soft cotton fabric for surface cleaning, and do not use any corrosive solvents.</li> <li>• The light source is irreplaceable. Please stop use when actually wear out.</li> <li>• If a failure occurs, please do not disassemble by yourself to avoid any damage on the product. You can contact the manufacture for maintenance.</li> </ul>	<p><b>Product performance fault table</b></p> <table border="1"> <thead> <tr> <th>Model</th> <th>Performance failure</th> </tr> </thead> <tbody> <tr> <td>G1</td> <td> <ol style="list-style-type: none"> <li>1.
