

FCC ID: 2AQRJ-AAILATNI

FCC WARNING:

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

## Neckband Earbud

Quick Start Guide

Model: AIEATN15

## Neckband Earbuds Instructions

---

### Introduction

The Altigo Neckband Earbuds offer an upgrade in comfort and sound to your everyday earbuds. Here's how to get the most out of them.

To download the complete manual visit [altigoproducts.com](http://altigoproducts.com).

### Power and Pair

Ensure your device's Bluetooth® connection is on.

1. Press and hold the multi-function button for five seconds until the light flashes red and white, indicating the earbuds are in pairing mode. The next time you turn on your earbuds, you only need to press and hold the multi-function button for two to three seconds.
2. On your device, select "Altigo Neckband Earbud". Complete any additional steps based on your device. The LED will flash white every four seconds while your earbuds are on and paired.
3. To turn your earbuds off, press and hold the multi-function button for four seconds. The LED will flash red until they are powered off.

### Wireless Controls

The simple, built-in controls on your Altigo Neckband Earbuds let you fully enjoy your music on your own terms.

#### *Button Functions:*

##### **Power/Play/Pause Button**

- Quick press – Play/Pause/ Answer call/End Call
- Hold the multi-function button for 2 to 3 seconds for device voice assistant
- Long press – Power on/ Power off/ Deny Call

##### **Plus Button**

- Quick press – Volume up
- Hold – Track next song

##### **Minus Button**

- Quick press – Volume down
- Hold – Track previous song

### Charge

To charge your earbuds, connect the micro USB end of the included charging cable to the port on the side of the wireless control and the USB end to your preferred USB outlet. The LED will light red while charging and will turn off when the earbuds are fully charged.
