Conformité FCC (Écrit en anglais)

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
4. Consult the dealer or an experienced radio/TV technician for help.
5. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
6. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. In order to avoid the possibility of exceeding the FCC radio frequency exposure limits, Human proximity to the antenna shall not be less than 20cm (8 inches) during normal operation.

Industry Canada Notice

This device complies with Industry Canada License-exempt RSS standard(s). Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference, including interference that may cause undesired operation of the device. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Avertissement d' Industrie Canada

Cet appareil est conforme à la norme d' Industrie Canada sur les appareils radio exempts de licence. Son utilisation est soumise aux deux conditions suivantes :

- (1) cet appareil ne doit pas causer d' interférence nuisible, et
- (2) cet appareil doit accepter toute autre interférence reçue, y compris les interférences pouvant entraîner un fonctionnement non désiré.

Toute modification ou tout changement qui n' a pas été expressément approuvé par la partie responsable de la conformité pourrait annuler le droit de l' utilisateur de faire fonctionner cet équipement.

La pile (ou les piles) ne doit jamais être exposée à une source de chaleur excessive telle que le soleil, le feu ou autre source de chaleur élevée.

Avertissement d' Industrie Canada

Cet appareil est conforme à la norme d' Industrie Canada sur les appareils radio exempts de licence.

Son utilisation est soumise aux deux conditions suivantes :

- (1) cet appareil ne doit pas causer d' interférence nuisible, et
- (2) cet appareil doit accepter toute autre interférence reçue, y compris les interférences pouvant entraîner un fonctionnement non désiré.

Informations sur l' exposition aux radiofréquences (RF)

La puissance RF rayonnée par le dispositif sans fil est sous les limites d' exposition aux radiofréquences établies par Industrie Canada (IC).

Le dispositif sans fil doit être utilisé de façon à ce que la possibilité de contact humain soit minimisée pendant son utilisation normale.

Ce dispositif a également été évalué et déclaré conforme aux limites d' exposition RF IC en conditions d' exposition mobiles

(antennes à plus de 20 cm du corps d' une personne).

反面:

1 Install your dals light

Remove the fixture from its packaging and install it. Then, turn it on.

2

Download or update the app

Visit the App Store or Google Play to download the latest version of the free *Dals Connect* app.

3

Connect your light *

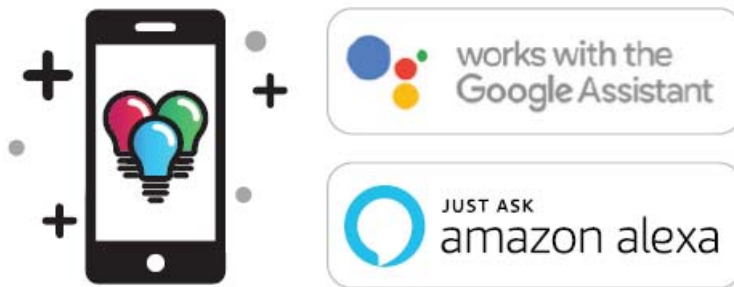

Using the app, connect your light by adding a new device to your account.

* For a complete step-by-step guide, please see the **Wifi Connection Guide** at www.dalslighting.com/downloads

4 Have fun!

Use the Dals app,
Amazon Alexa, or
Google Assistant and
light up your world!
