

Quick Start Guide

BLAZEPOD

1

What is in the kit

Pod

Charger

USB Cable

2

First, In order to activate your pods, use the USB cable to connect the charger to power (picture)
Note: it is highly recommended to connect the charger to a wall socket and not to the computer

3

Place up to 6 pods on the charger, one on top of the other (picture)

Note: The pods should blink for X sec to indicates they are in charging status and will light in green when they fully charged

5

Download the BlazePod app.
Search for "BlazePod" in the App Store or in Google Play

6

Open the BlazePod app and follow the instructions

QUICK START GUIDE

THE KIT INCLUDES

Pod

Charger

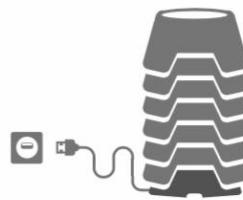

USB Cable

ACTIVATE THE PODS

First, in order to activate your pods, use the USB cable to connect the charger to any form of power outlet.

Please note:
For a faster charging time,
connect the charger directly
to a wall socket.

Place up to 6 pods on the charger at a time with one stacked on top of the other.

Please note:
The pods will blink in **orange** to indicate that they're charging and will light up in **green** once fully charged.

BLAZEPOD APP

Download the BlazePod app

Simply search for "BlazePod" in the App Store or in Google Play.

While the pods are in charging mode, open the BlazePod app
and follow the instructions.

RF Exposure Warnings

Portable Device RF Exposure Statement (If Applicable):

1. **Portable:** (\$2.1093) — A portable device is defined as a transmitting device designed to be used so that the radiating structure(s) of the device is / are within 20 centimeters of the body of the user.
2. **Statement in UM:**
RF Exposure - This device has been tested for compliance with FCC RF exposure limits in a portable configuration. This device must not be used with any other antenna or transmitter that has not been approved to operate in conjunction with this device.

REGULATORY INFORMATION

BlazePod very effectively measures and trains your reaction-time.

When caring for your Pod(s), keep the following tips in mind:

- Do not use abrasive cleaners to clean your Pod(s), such as bleach.
- Do not expose your Pod(s) to any chemicals such as flammable liquid, etc.
- Do not attempt to disassemble or service your Pod(s).
- Do not expose your Pod(s) to extremely high temperatures above 40°C or low temperatures below -20°C.
- Do not expose your Pod(s) to direct sunlight for extended periods of time.
- Do not leave your Pod(s) near open flames.

SAFETY NOTICES

Take the time to read, understand, and follow all safety information that is contained in this user manual before using the BlazePod system. Please save these instructions for future reference.

WARNING: Indicates a potentially hazardous situation, which could result in death or serious injury and/or property damage if not avoided.

CAUTION: Indicates a potentially hazardous situation, which could result in minor or moderate injury and/or property damage if not avoided.

CAUTION:

- Use this appliance only for its intended use as described in this manual. Do not operate this appliance if it has a damaged cord, plug, cable or housing.
- Do not enter areas where the use of transmitters is prohibited.
- Pod's charger requires a USB connector for charging.
- Make sure that you are using certified USB power supply.
- Power supply should be Limited Power Supply (LPS).
- Do not attempt to charge the device using an outdoor outlet. Only use indoor AC/DC adapters.
- Do not attempt to charge more than 6 Pods using a single BlazePod charger.
- Keep the device away from liquid, heat sources, and steam.
- Do not connect the AC/DC USB power connector to the device while in or near water.
- Do not submerge the device under running water during charging.
- Do not place or store an appliance where it can fall or be pulled into a tub or sink.
- Do not place or drop into water or other liquid.

Built-in Battery Precautions

CAUTION: This product contains a lithium-ion rechargeable battery.

There is a risk of explosion if batteries are not handled appropriately.

- The batteries are not designed to be replaced.
- Do not expose the device to temperatures exceeding 40°C when the device is in use.
- Damage inflicted on the battery could cause an explosion and/or fire.
- Do not dismantle, open or shred the battery.
- Do not expose the battery to heat or fire. Avoid storage in direct sunlight.
- Do not short-circuit the battery.

Disposal and Recycling Information

For disposal and recycling of Pod or Charger, please contact your local recycling authority, and if you have any questions on the matter, please contact our support team at: info@blazepod.co.

FCC ID: 2AQTQ-BLAZE POD

FCC CAUTION:

Any changes or modifications not expressly approved by BlazePod could void the user's authority to operate the equipment.

FCC STATEMENT:

This device complies with Part 15 of the FCC Rules and Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The FCC Wants You to Know:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- a) Reorient or relocate the receiving antenna.
- b) Increase the separation between the equipment and receiver.
- c) Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- d) Consult the dealer or an experienced radio/TV technician.

FCC Warning:

Modifications not expressly approved by the manufacturer could void the user's authority to operate the equipment under FCC Rules.

CEC

This device have been tested for compliance with California Code Of Regulations Title 20, Sections 1601-1608.

10 CFR Section 430.23(aa)(Appendix Y to Subpart B of Part 430)

CANADA: INDUSTRY CANADA (IC) STATEMENT

IC ID:24184-BLAZE POD

"This device complies with Industry Canada license exempt RSS standard(s).

Operation is subject to the following two conditions:

(1) This device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

(1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement."

RSS-102 Statement:

"This equipment complies with Industry Canada radiation exposure limits set forth for an uncontrolled environment.

Cet équipement est conforme à l'exposition aux rayonnements Industry Canada limites établies pour un environnement non contrôlé."

EU (EUROPEAN UNION)

This product has been confirmed to comply with European Radio Equipment Directive (RED), 2014/53/EU

The symbol on the product or its packaging signifies that this product has to be disposed separately from ordinary household wastes at its end of life.

Please kindly be aware that this is your responsibility to dispose electronic equipment at recycling centers so as to help conserve natural resources. Each country in the European Union should have its collection centers for electrical and electronic equipment recycling.

For information about your recycling drop off point, please contact your local electrical and electronic equipment waste management authority or the retailer where you bought the product.

Le symbole sur le produit ou sur son emballage signifie que ce produit à la fin de sa vie doit être recyclé séparément des déchets ménagers ordinaires.

Notez que ceci est votre responsabilité d'éliminer les équipements électroniques à des centres de recyclage afin d'aider à préserver les ressources naturelles.

Chaque pays de l'Union européenne a ses centres de collecte et de recyclage pour le recyclage des équipements électriques et électroniques.

Pour plus d'informations ou trouver un centre de recyclage, contactez votre commune ou le magasin où vous avez acheté le produit.
