

# **English Manual for 2.4G wireless pointer (penna pointer)**

## **I Basic features**

1. 2.4GHz RF communication with USB dongle
2. Built-in 3D digital accelerometer and a 3D digital gyroscope
3. Provides pen, pointing, zooming, Black/White Screen function utilizing the functions of Microsoft's PowerPoint program.
4. Optical pointing function using red dot laser.
5. Lithium polymer battery charging with micro 5 pin terminal.
6. 3 color indicators for checking mode status.
7. Firmware upload using Bluetooth

## **II System requirements**

1. Requires Windows 7 or later version to use Magnifier
2. Requires PowerPoint 2007 or later version to use pen features
3. USB receiver

## **III How to work with computer**

1. Execute the presentation material made with the PowerPoint or others.
2. Plug the USB receiver into the computer USB2.0 input
3. Toggle the power switch on the back of presenter.

## **IV Package Contains**

1. 2.4G Wireless presenter
2. USB Wireless receiver
3. Product guide

### FCC Information to User

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

### Caution

Modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC Compliance Information : This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

### RF Exposure

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

Antenna Type: PCB Antenna

Antenna Gain: 3.63 dBi
