## Class II Permissive Change Request Letter

Date: 13/05/24

SUBJECT: FCC Application for FCC ID: 2AQWR-QUICKQR

To Whom It May Concern:

We are submitting an application for a Class II Permissive Change to the FCC approval of:

Company name: ChamSys Ltd

Product Description: MagicQ Lighting Controller

FCC ID: 2AQWR-QUICKQR

Original Grant Date: 12 / 05 / 2019

The transmitter module itself has not changed. Here are the changes:

- Modified the front panel PCB (313-131) to include a power button for the product
- The front of the unit is now an aluminium extruded part, (301-247) change from a steel plate.
- External metalwork updated to accommodate the new front extrusion, no change to material or material thickness.
- Antenna connector changed due to FCC request.
- All cosmetic aluminium extruded parts have been removed.
- MagicQ Rack, is mechanically and electrically identical to the QuickQ Rack. There is a cosmetic change to the front panel with it being painted blue and screen printed differently.

Sincerely,

Client's signature:
