To Whom it May Concern:

This letter is to serve as notice that the product "Gateway V4.0", with FCC ID 2AQX2-HWGATE915 / IC: 24232-HWGATE915 will be produced with antenna connectors that use a non-standard coupling. In particular, the connector to be used will be a reverse polarity SMA (RP-SMA). Likewise, the antenna installed on each unit will utilize a mating RP-SMA connector.

The use of a non-standard antenna connection thereby demonstrates compliance with FCC 15.203 and 15.212, as well as equivalent IC requirements.

Sincerely,

Jeffrey Carleton  
President
