Stand and wall-mounting instructions (optional)

How to assemble the stand

If you need to remove or assemble the stand please read the following instructions.

- Before attaching/detaching the stand, make sure to turn off the TV.
- Before performing work, spread cushioning over the base area to lay the LED TV on. This will prevent it from being damaged.

Assembling instruction:

Put the television on the table, fix the stands with screws given in the carton.

- Step1: Take out two stands from package, and insert them into bottom of TV;
Step2: Take out four screws provided with TV set and tighten them into screw holes;

- To disconnect the stand from the TV, perform the above steps in reverse order.

Wall mounting instructions:

Wall mounting instructions(optional):

Your LED TV is able to accommodate wall mounting with the use of a wall mount bracket (not supplied with LED TV, please contact your local hardware store) and the mounting holes on the back of the unit. We recommend removing the TV stand prior to wall mounting the TV. Please see previous page for instructions on removing the stand.

- This Quasar TV is compatible with a 200mm x 200mm mounting hole pattern.
- 2 pcs of type M6 screws and 2 pcs of type ST4 screws are required for installing the wall mount bracket to your Quasar TV. Do not use screws that are longer than 10 mm. Screws that are too long may cause damage to the inside of the TV set.
