

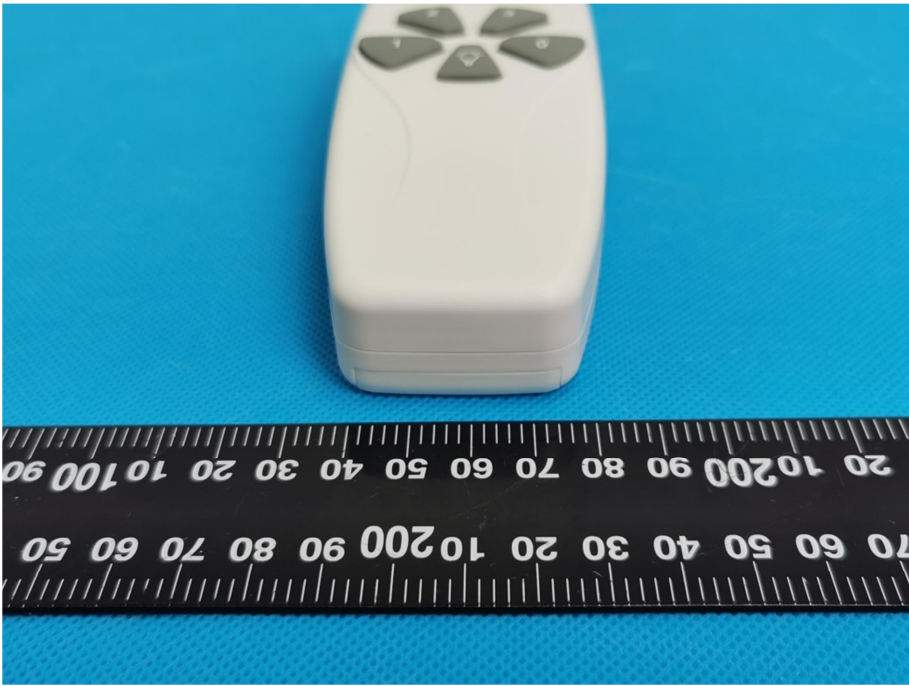

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

<p>EUT View 5</p>	 A photograph showing the back of a white handheld electronic unit (EUT). The device is rectangular with rounded corners. It features a small circular lens or sensor at the top right. Below it is a rectangular area, possibly a display or sensor. At the bottom, there is a larger rectangular area with a faint grid pattern. A black ruler with white markings is placed vertically to the left of the device, showing measurements in millimeters. The ruler is oriented vertically, with the 0 mark at the top and the 100 mark at the bottom. The device is approximately 100 mm long. The background is a blue textured surface.
<p>EUT View 6</p>	 A photograph showing the front of the white handheld electronic unit (EUT). The device has a keypad with five buttons arranged in a cross pattern. The buttons are labeled with the numbers 0, 1, 2, and 3, and a lightbulb icon. A small red LED indicator is visible on the left side of the device. A black ruler with white markings is placed horizontally below the device, showing measurements in millimeters. The ruler is oriented horizontally, with the 0 mark on the left and the 100 mark on the right. The device is approximately 100 mm wide. The background is a blue textured surface.
