

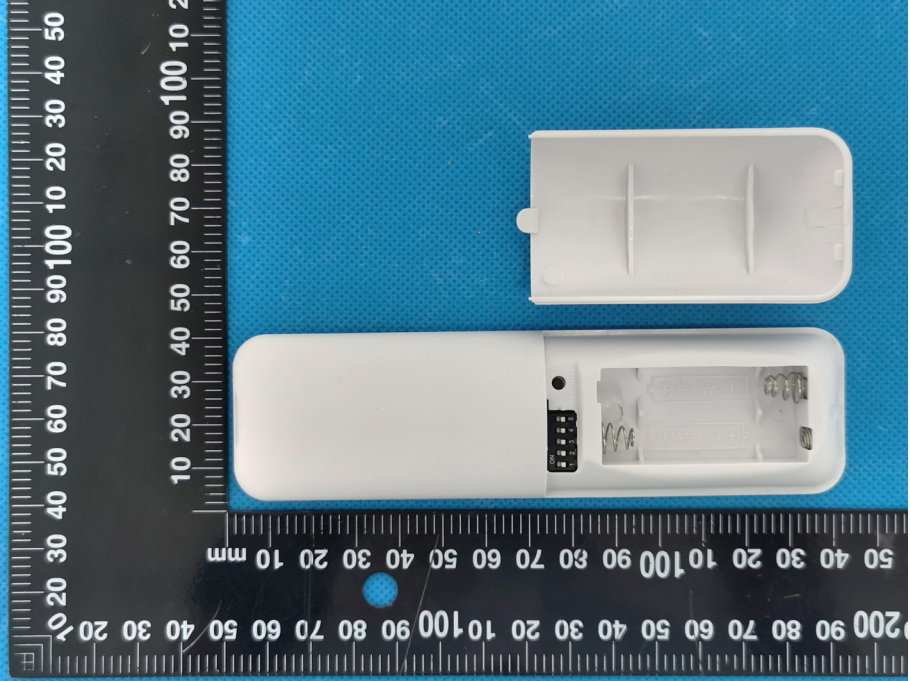

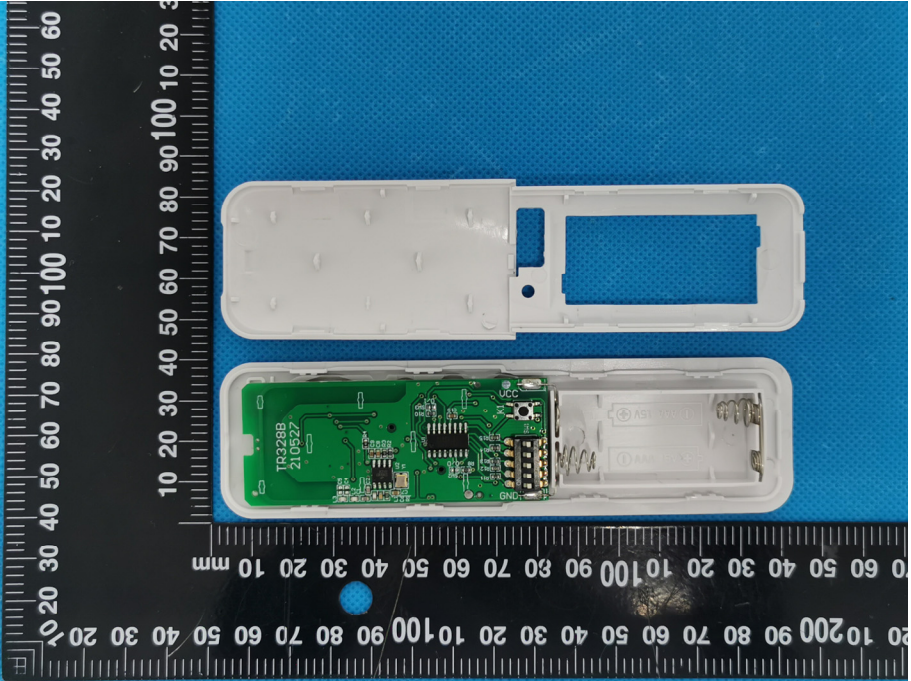

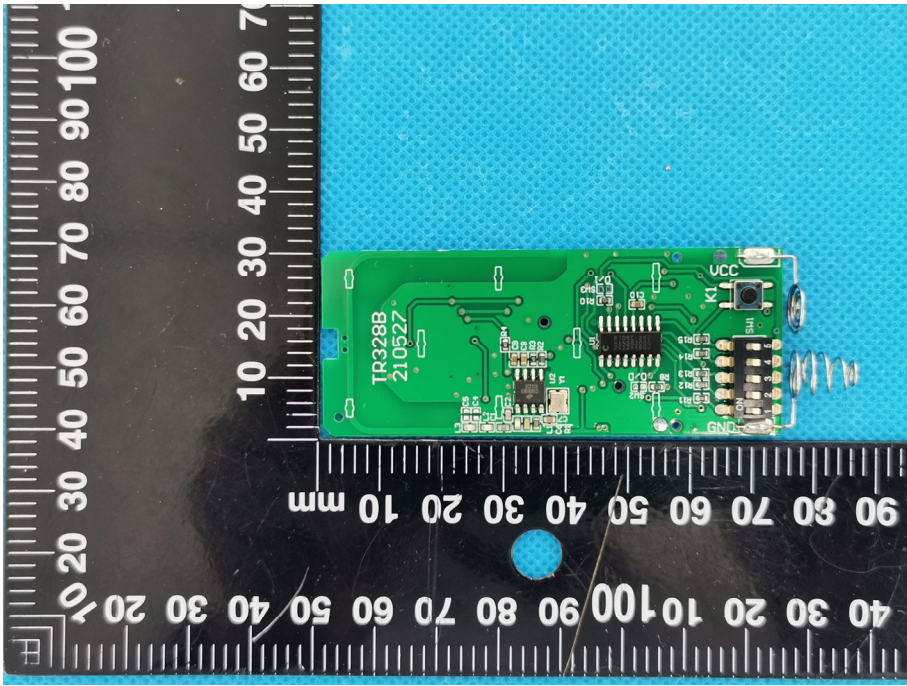

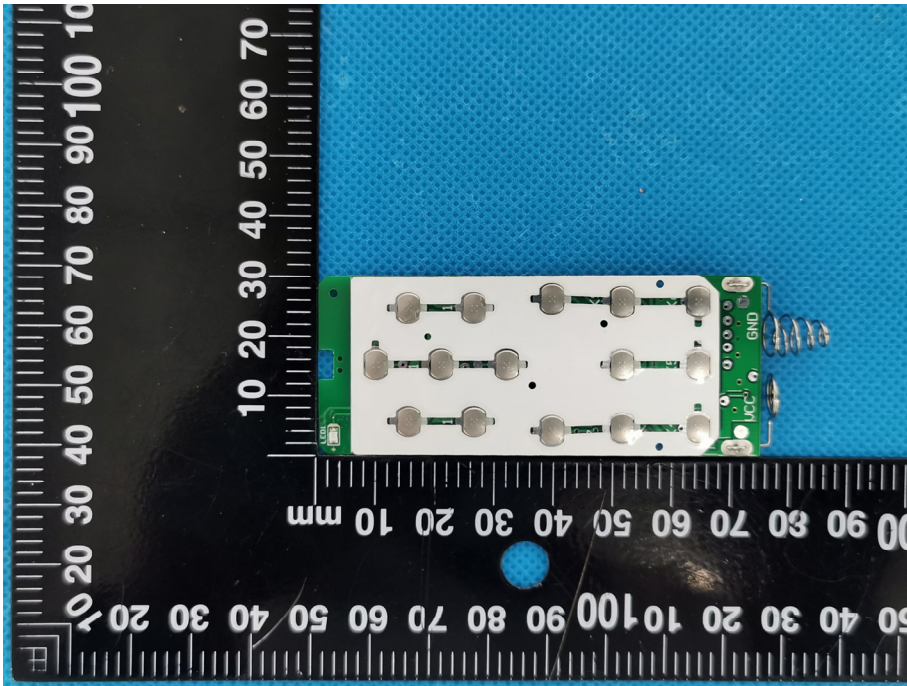

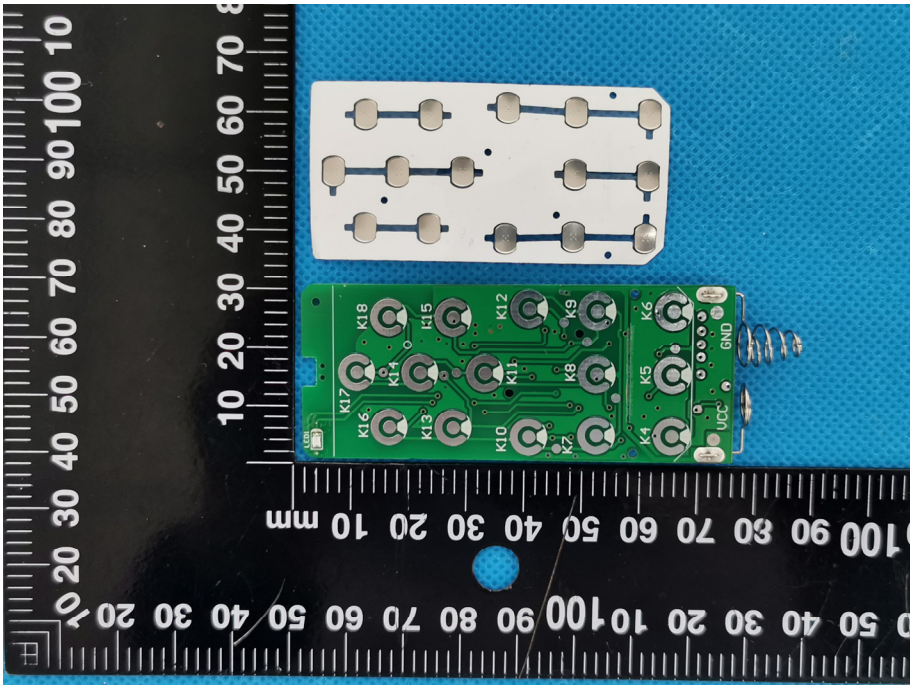

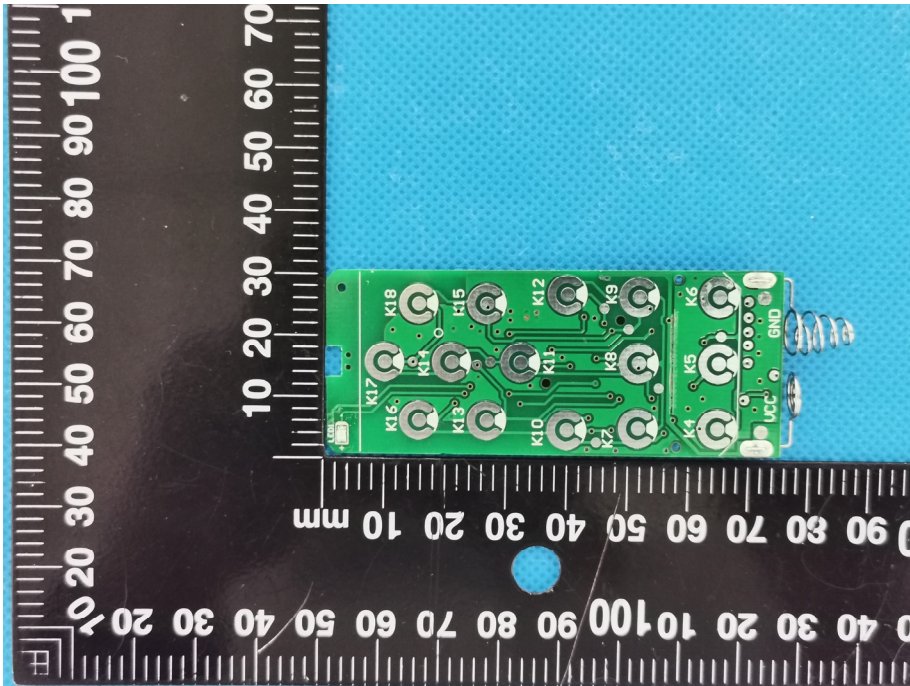

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p>EUT Housing and Board View 1</p>	
<p>EUT Housing and Board View 2</p>	

<p style="text-align: center;">Solder Board-Component View 1</p>	 A photograph of a green printed circuit board (PCB) component, labeled 'TR328B 210527', mounted on a blue textured surface. The component is oriented vertically. A black ruler with white markings is placed horizontally below the component, showing measurements in millimeters. The component features various electronic components, including a central integrated circuit, several resistors, and a small coil on the right side. Labels on the board include 'GND', 'VCC', and 'SHH'.
<p style="text-align: center;">Solder Board-Component View 2</p>	 A photograph of the same green PCB component from a different perspective, showing the solder joints. The component is oriented vertically. A black ruler with white markings is placed horizontally below the component, showing measurements in millimeters. The component features several silver solder joints on the top surface. Labels on the board include 'GND', 'VCC', and 'SHH'.

<p style="text-align: center;">Solder Board-Component View 3</p>	 <p>A photograph showing a green PCB with various components labeled K1 through K18. A silver solder mask is placed on top of the board, covering the components. A blue ruler is visible at the bottom of the image, showing measurements in millimeters. The PCB is placed on a blue textured surface.</p>
<p style="text-align: center;">Solder Board-Component View 4</p>	 <p>A photograph showing the same green PCB as in view 3, but without the silver solder mask. The components are clearly visible. A blue ruler is visible at the bottom of the image, showing measurements in millimeters. The PCB is placed on a blue textured surface.</p>
