

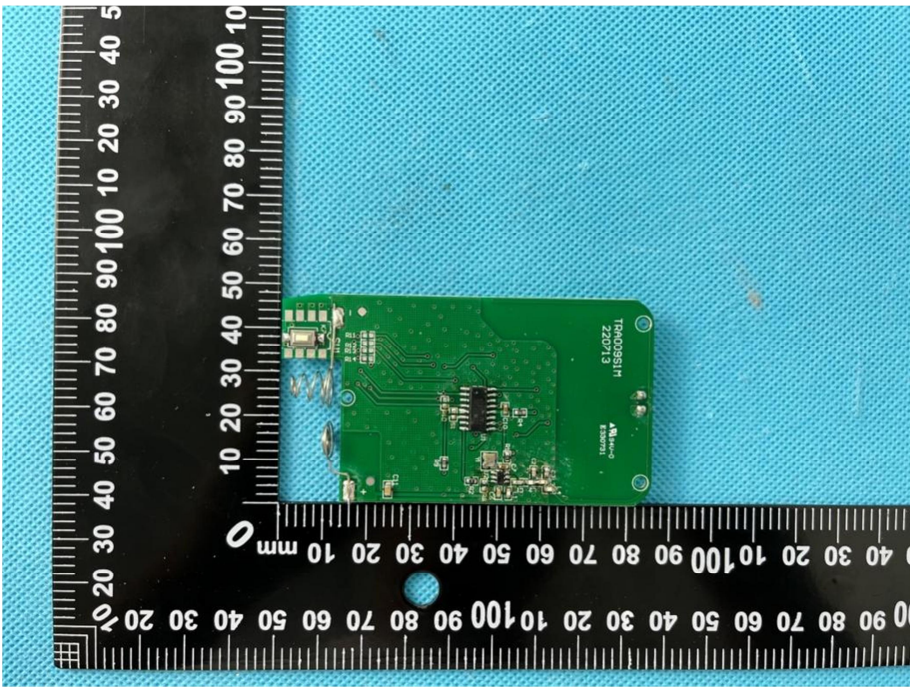

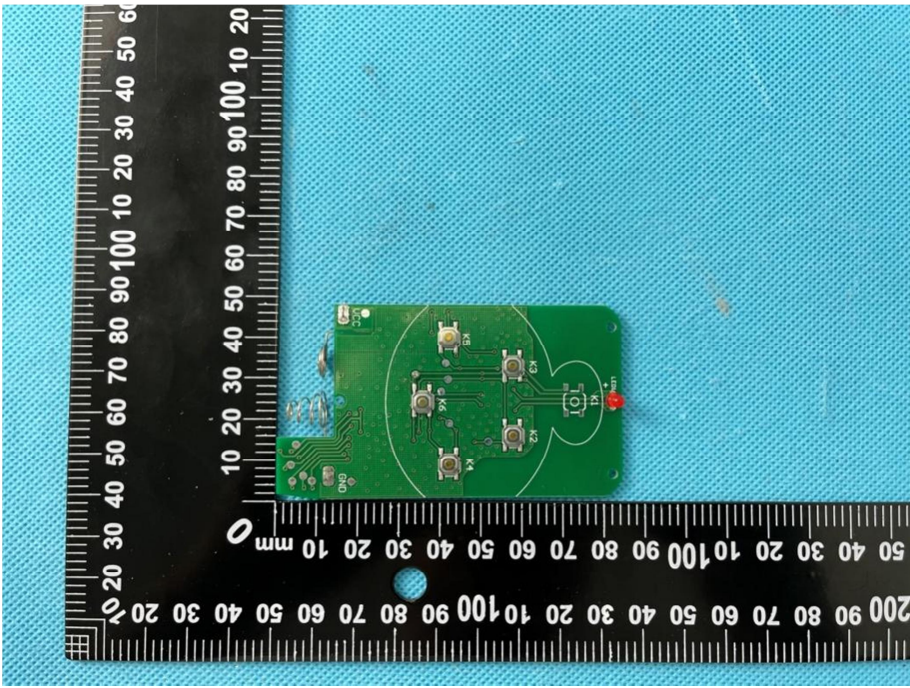

### EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p><b>EUT Housing and Board View 1</b></p>	 <p>A photograph showing the back of a white plastic EUT housing and a small white rectangular board. The housing has a label with technical specifications. The board has a green circular sticker with 'Q.C. 2022-02-18 PASSED' written on it. A black ruler with white markings is placed below the items for scale, showing measurements in millimeters and centimeters. The background is a blue textured surface.</p>
<p><b>EUT Housing and Board View 2</b></p>	 <p>A photograph showing the front of the white plastic EUT housing and the green printed circuit board (PCB). The PCB has various electronic components and a label that reads 'TOSHIBA 220V'. A black ruler with white markings is placed below the items for scale, showing measurements in millimeters and centimeters. The background is a blue textured surface.</p>

<p style="text-align: center;"><b>Solder Board-Component View 1</b></p>	 A photograph of a green printed circuit board (PCB) component, labeled 'T9600981H1' and '220713', mounted on a blue textured surface. The component is positioned next to a black ruler with white markings in millimeters. The ruler shows the component is approximately 100 mm long and 40 mm wide. The component has several solder joints and a central integrated circuit.
<p style="text-align: center;"><b>Solder Board-Component View 2</b></p>	 A photograph of the same green PCB component from a different perspective, showing the solder joints and components on the reverse side. The component is labeled 'T9600981H1' and '220713'. It is placed next to a black ruler with white markings in millimeters, showing a length of approximately 100 mm and a width of approximately 40 mm. The component features several solder joints and a central integrated circuit.
