

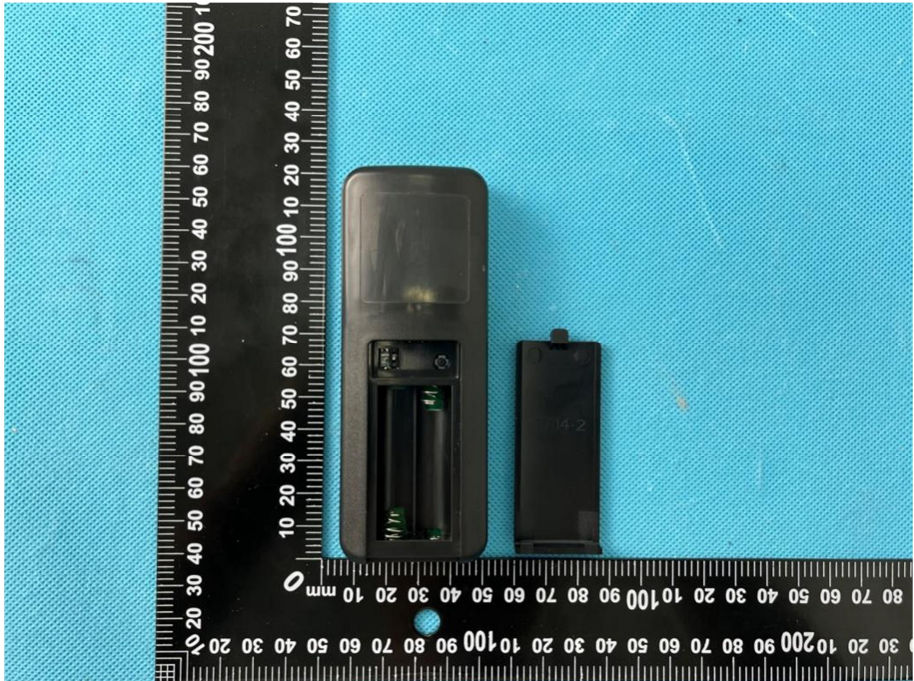

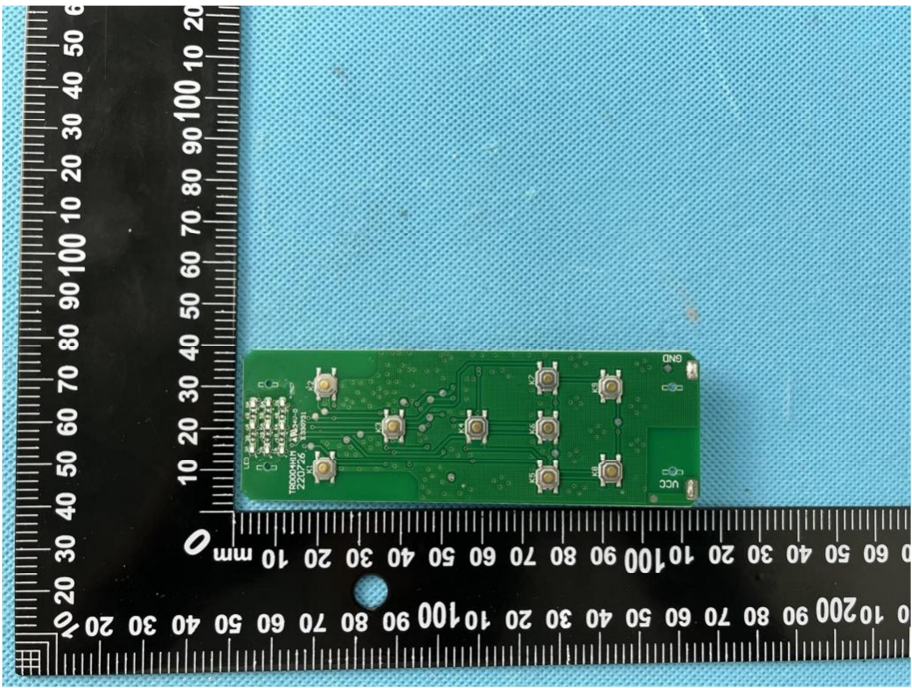

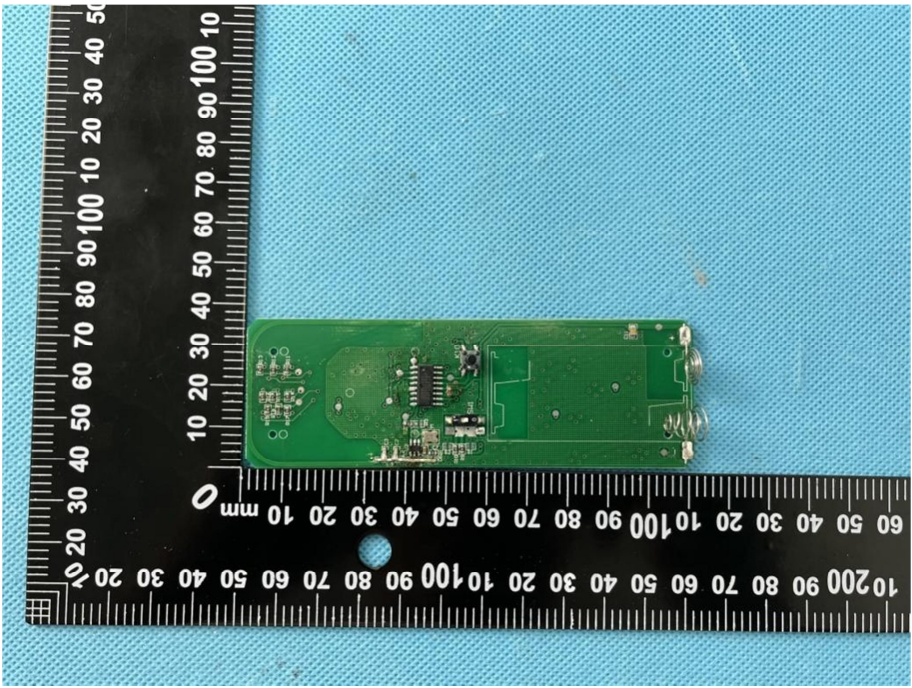

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p>EUT Housing and Board View 1</p>	 <p>A photograph showing the external components of the EUT. On the left is a black plastic housing with a battery compartment. To its right is a black battery. A black ruler with white markings is placed vertically and horizontally for scale. The background is a light blue textured surface.</p>
<p>EUT Housing and Board View 2</p>	 <p>A photograph showing the internal components of the EUT. On the left is a green printed circuit board (PCB) populated with various electronic components. To its right is the black plastic housing. A black ruler with white markings is placed vertically and horizontally for scale. The background is a light blue textured surface.</p>

<p style="text-align: center;">Solder Board-Component View 1</p>	 A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 1'. The board is rectangular and features several surface-mounted components, including a central integrated circuit (IC) and several smaller components. It is placed on a blue textured surface next to a black ruler with white markings in millimeters. The ruler shows the board is approximately 100 mm long and 30 mm wide.
<p style="text-align: center;">Solder Board-Component View 2</p>	 A photograph of the same green PCB component, labeled 'Solder Board-Component View 2'. This view shows the reverse side of the board, revealing the underside of the components and the solder joints. The board is placed on the same blue textured surface next to the same black ruler. The ruler indicates the board's dimensions are consistent with the first view.
