

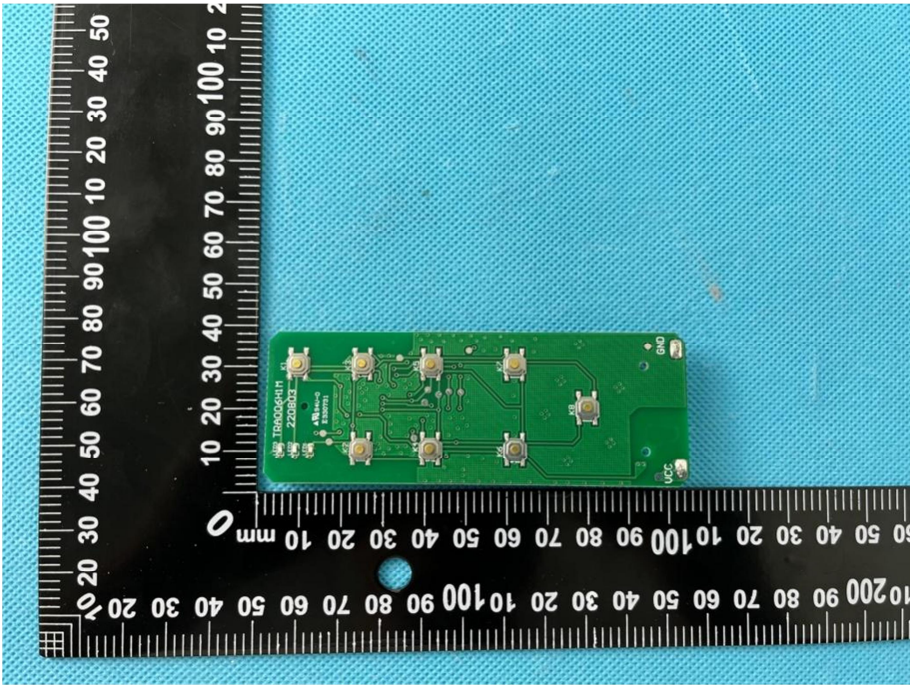

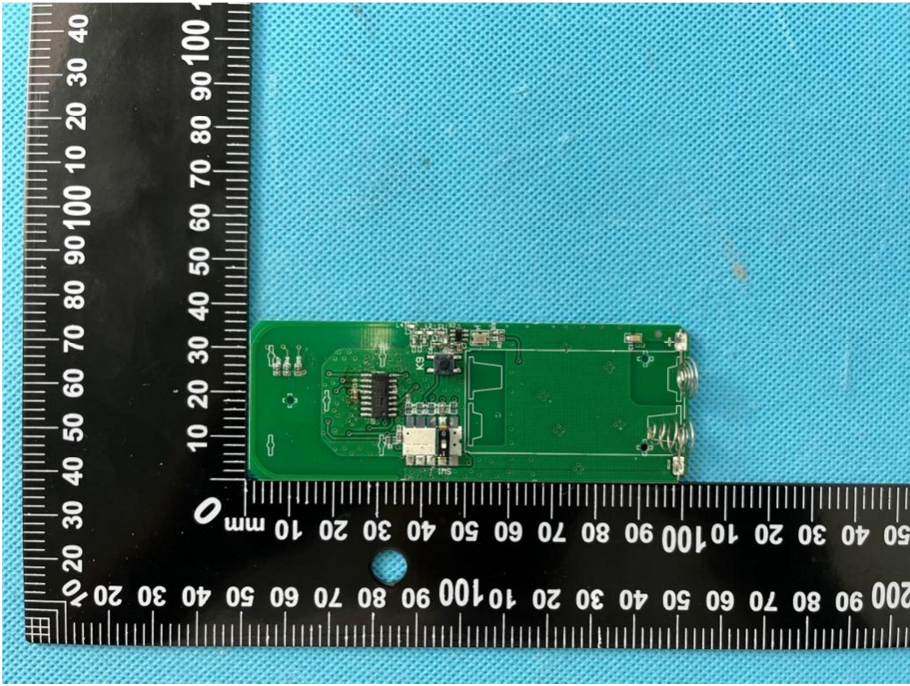

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p>EUT Housing and Board View 1</p>	 <p>A photograph showing the external components of the EUT. On the left is the black plastic housing with a battery compartment. To its right is the black printed circuit board (PCB). Both are placed on a light blue textured surface next to a black L-shaped ruler for scale. The ruler shows measurements in millimeters, with the vertical scale ranging from 0 to 200 mm and the horizontal scale from 0 to 100 mm.</p>
<p>EUT Housing and Board View 2</p>	 <p>A photograph showing the internal components of the EUT. On the left is the green PCB with various electronic components, including several yellow capacitors and integrated circuits. To its right is the black plastic housing, showing the internal battery compartment. Both are placed on a light blue textured surface next to a black L-shaped ruler for scale. The ruler shows measurements in millimeters, with the vertical scale ranging from 0 to 200 mm and the horizontal scale from 0 to 100 mm.</p>

<p style="text-align: center;">Solder Board-Component View 1</p>	 <p>A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 1'. The board is rectangular and features several surface-mounted components, including what appear to be microchips and passive components. It is placed on a blue textured surface next to a black ruler with white markings in millimeters. The ruler shows the board is approximately 100 mm long and 30 mm wide. The board has some text printed on it, including 'WALTEK TESTING GROUP' and '2208171197W'.</p>
<p style="text-align: center;">Solder Board-Component View 2</p>	 <p>A photograph of the same green PCB component, labeled 'Solder Board-Component View 2'. This view shows the reverse side of the board, revealing a complex arrangement of components, including a large integrated circuit (IC) and various smaller components. The board is placed on the same blue textured surface next to the same black ruler. The ruler indicates the board's dimensions are consistent with the first view, approximately 100 mm by 30 mm.</p>
