

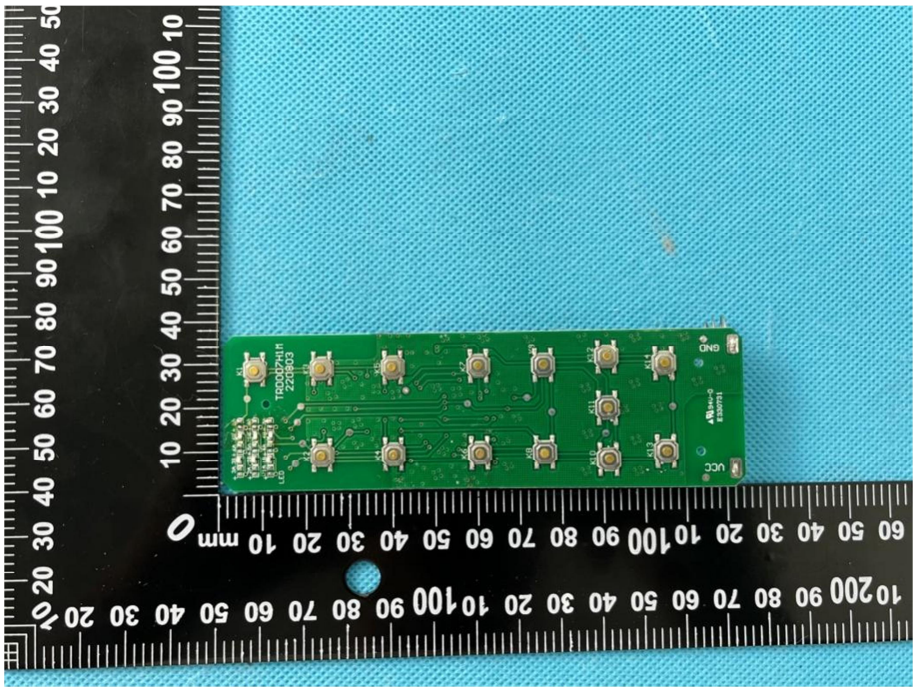

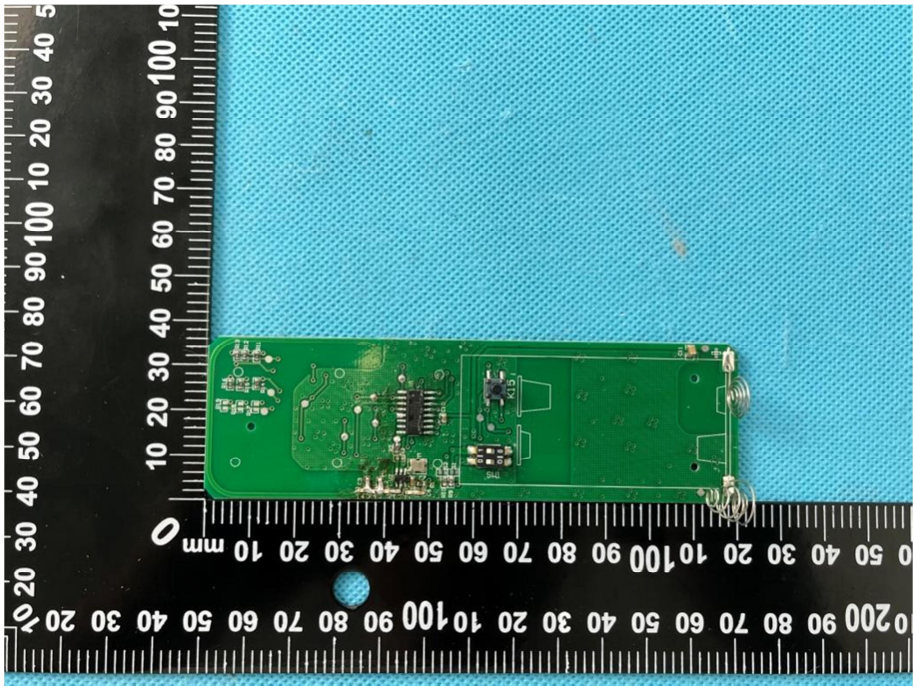

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p>EUT Housing and Board View 1</p>	 <p>A photograph showing the external components of the EUT. On the left is a black plastic housing with a slot for a battery. To its right is a black battery labeled 'TA13-2'. A black ruler with white markings is placed below the items for scale. The background is a light blue textured surface.</p>
<p>EUT Housing and Board View 2</p>	 <p>A photograph showing the internal components of the EUT. On the left is a green printed circuit board (PCB) populated with various electronic components. On the right is the black plastic housing, showing its internal structure. A black ruler with white markings is placed below the items for scale. The background is a light blue textured surface.</p>

<p style="text-align: center;">Solder Board-Component View 1</p>	 <p>A photograph of a green printed circuit board (PCB) component, labeled 'WTH22X08171199W', showing its soldered side. The board is populated with several surface-mount components, including resistors and integrated circuits. It is placed on a blue textured surface next to a black ruler with white markings in millimeters. The ruler shows the component is approximately 100 mm long and 20 mm wide.</p>
<p style="text-align: center;">Solder Board-Component View 2</p>	 <p>A photograph of the same green PCB component from a different perspective, showing the reverse side. This view highlights the solder joints and the underside of the components. The board is again placed on a blue textured surface next to a black ruler with white markings in millimeters, showing its dimensions.</p>
