

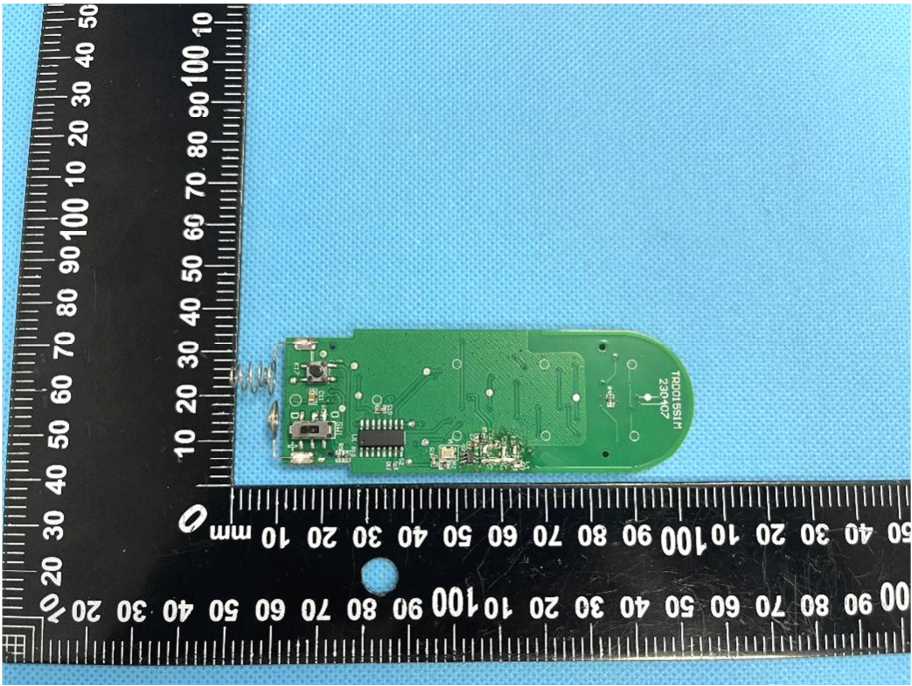

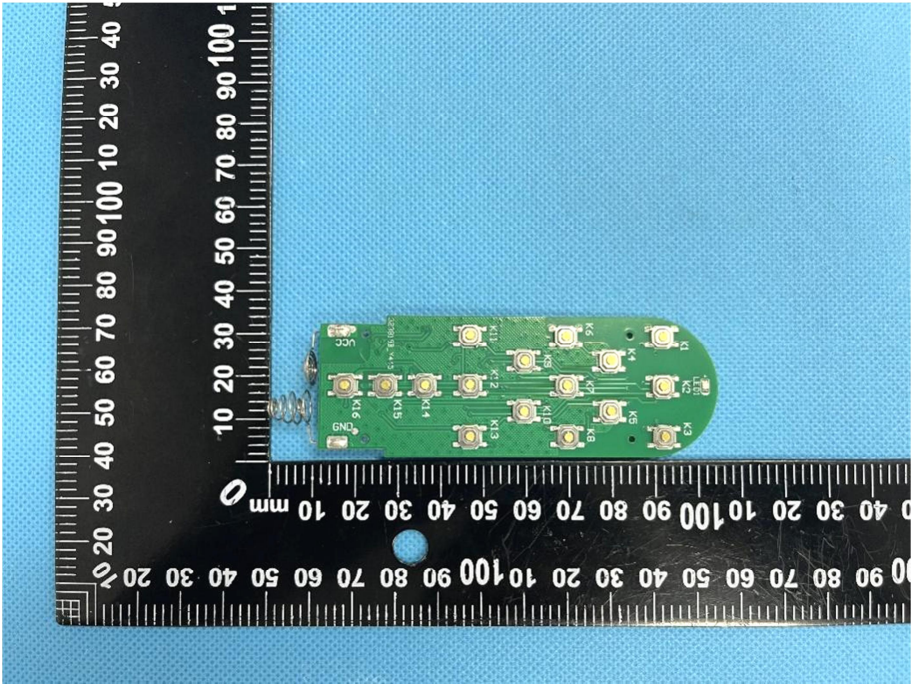

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p>EUT Housing and Board View 1</p>	 <p>A photograph showing the external view of the EUT housing and its internal board. The housing is black and elongated. The board is green and visible through a cutout in the housing. A black ruler with white markings is placed vertically to the left of the housing for scale. The ruler shows measurements in millimeters, with markings every 10 mm and sub-markings every 1 mm. The housing is approximately 100 mm long and 20 mm wide. The board is approximately 80 mm long and 15 mm wide.</p>
<p>EUT Housing and Board View 2</p>	 <p>A photograph showing the internal view of the EUT housing and its board. The housing is black and elongated. The board is green and visible through a cutout in the housing. A black ruler with white markings is placed vertically to the left of the housing for scale. The ruler shows measurements in millimeters, with markings every 10 mm and sub-markings every 1 mm. The housing is approximately 100 mm long and 20 mm wide. The board is approximately 80 mm long and 15 mm wide.</p>

<p>Solder Board-Component View 1</p>	 <p>A photograph of a green PCB component, labeled 'TPO015SH 230407', positioned next to a black ruler. The ruler shows measurements in millimeters (0-100) and centimeters (0-10). The component is oriented vertically with its rounded end at the top. It features various electronic components including a microcontroller, several resistors, and a small capacitor. A silver spring-like component is attached to the left side of the board.</p>
<p>Solder Board-Component View 2</p>	 <p>A photograph of the same green PCB component from a different perspective, showing the underside. The component is labeled 'TPO015SH 230407' and 'GND'. It features several gold-colored solder joints and components, including a microcontroller, resistors, and a small capacitor. A silver spring-like component is attached to the left side of the board. The component is positioned next to a black ruler showing measurements in millimeters (0-100) and centimeters (0-10).</p>

Antenna View
