Congratulations on the purchase of your **TĒGO** License Plate Retractor!

Please feel free to use the enclosed fob or visit itunes or Google Play to download our **TĒGO LPR** application. Follow the simple instructions below, using the provided password sticker, to sync your IOS or Android smart phone with our easy to use Application. (For future use, we recommend peeling off your password sticker and attaching it inside your glovebox compartment.)

INSTRUCTIONS

1. Open the application
2. Tap scan button
3. Select your device.
 - 3.1 If your device hasn't been connected before:
 - 3.1.1 Tap +
 - 3.1.2 Enter provided device password
 - 3.1.3 Tap save

Notice1: If your device has been already connected to another phone, it won't be shown in the list.

Notice 2: Double tapping your device in the list lets you rename a device.

Notice 3: Tap pencil button to change previously saved device password.

4. Tap connect button to use your device.
5. Swipe or tap car icon to start working with your device.
6. Choose option (close/open). Use the app...
7. Swipe or tap setup icon to set new application settings.
8. Swipe or tap bluetooth icon to open main screen.
9. If you want to connect to another device, tap disconnect button, select new device and continue working.

ATTENTION: ⚠

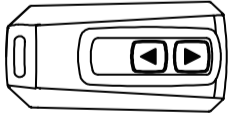

Do not operate unit (Open or Close) while driving. ONLY Open or Close unit when parked.

NOTICE GROUND CLEARANCE

Risk of damage to your license plate retractor (LPR) due to lower ground clearance.

- Drive slowly and carefully on steep slopes (e.g. parking lots, curbs, uneven roads, lifting platforms, etc.)
- Avoid steep driveways.
- Be careful of damage caused by driving into cement parking blocks.

- Per your contract agreement, any aftermarket lowering suspension work done to your vehicle will automatically void your warranty.

ATTENTION: ⚠

Do not operate unit (Open or Close) while driving. ONLY Open or Close unit when parked.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference.
- (2) This device must accept any interference received, including interference that may cause undesired operation.

CAUTION: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
