Using Your T13												
<p>Charge the earbuds</p> <p>Put the earbuds into the charging case and close the lid.</p>												
<p>Note:</p> <p>When your earbud battery life is low, you will hear a voice reminder prompt every 15 minutes until the earbuds run out of battery power.</p> <p>Change the charging case</p> <p>1) Tap the small end of the USB cable into the Type-C port of the charging case.</p> <p>2) Plug the other end into a USB wall charger or computer (DC 5V) that is powered on.</p> <p>Note:</p> <p>Charge (approximately) 2 hours to fully charge the charging case. A charged charging case can charge the earbuds approximately 3 times.</p>												

Power on & off
<p>Automatic connection:</p> <p>Power off: Put the earbuds back into the charging case.</p> <p>Power on: Tap and hold the touch button on the left/right earbud.</p> <p>Manual connection:</p> <p>Power on/off: Tap and hold the touch button on the left/right earbud.</p> <p>Note:</p> <p>When the earbuds are not paired with your phone, turn off one earbud manually will make the other one on off the same time.</p> <p>Pairing & Connectivity</p> <p>1) Turn on the Bluetooth of your Bluetooth device.</p> <p>2) Take the earbuds out of the charging case. The earbuds will enter pairing mode automatically and the LED indicator on the earbud will flash red and blue alternately.</p> <p>3) Choose T13 from the list of found Bluetooth devices on your Bluetooth device to pair.</p>
<p>Note:</p> <p>Make sure the earbuds and your Bluetooth device are next to each other within 10 feet or 30 meters and there are no obstacles between them.</p> <p>If pairing failed, put the earbuds back into the charging case. After 10 seconds make sure that they have been turned off. Then pair the earbuds with your Bluetooth device again.</p> <p>When the earbuds are on but not paired with a Bluetooth device, they will be automatically off after 5 minutes.</p> <p>The earbuds will connect to the last paired Bluetooth device automatically when they are turned on. Please turn on the Bluetooth of your Bluetooth device before turning on the earbuds.</p>

Earbuds functions
<p>Function What to do</p> <p>Play/Pause Tap the touch button of the left/right earbud.</p> <p>Next track Double-tap the touch button of the left earbud.</p> <p>Previous track Double-tap the touch button of the right earbud.</p> <p>Call functions</p> <p>Function What to do</p> <p>Answer an call Tap the touch button of the left/right earbud.</p> <p>Decline an incoming call Tap and hold the touch button of the left/right earbud for one second.</p>
<p>Activate voice control of phone</p> <p>Tap the touch button three times when the earbuds are connected to your phone. And tap the touch button three times again to exit. This function works only when your phone has voice control function. Please refer to the instructions of your phone for details.</p> <p>Power/Accessory mode</p> <p>These earbuds have primary/secondary switch functions. When the earbuds have been connected to a Bluetooth device, take out either of the two earbuds. Then the connected earbud operates. During this process, you can use one of the other one and they will just work with each other as you can use both of the earbuds.</p> <p>When both earbuds are connected to your phone, no matter which one is put back to the charging case, you can use the other one without interruption.</p> <p>Clear the earbuds pairing list</p> <p>Tap and hold the touch button on both of the earbuds for approximately 15 seconds.</p> <p>Clear the earbuds and charging case</p> <p>Clear the earbuds and charging case only with a dry soft cotton swab or equivalent.</p>

FAQs
<p>Q1: Pairing fails.</p> <p>A: 1) Put the earbuds back to the charging case and make sure that they are OFF.</p> <p>2) Take the earbuds out of the charging case and automatically enter pairing mode.</p> <p>The earbuds will enter pairing mode automatically.</p> <p>3) Choose "T13" on your phone to pair.</p> <p>If the pairing still fails, check the following points:</p> <ul style="list-style-type: none"> Make sure the earbuds and your Bluetooth device are not connected to each other within 10 feet or 30 meters and there are no obstacles between them. There are no signal interference nearby. When the earbuds are not paired to the charging case, you can use the other one without interruption. To reset your Bluetooth device. <p>Q2: I cannot pair the earbuds with my phone before, but I failed to pair them with my phone again.</p> <p>A: Turn on the Bluetooth of your phone and set your Bluetooth device to "Visible" or "Discoverable". Then pair the earbuds with your phone again.</p>
<p>Q3: Connection is not stable.</p> <p>A: Make sure that the Bluetooth connection distance is within 30 feet or 10 meters and there is no object between the earbuds and your Bluetooth device. The earbuds will automatically connect to the nearest Bluetooth device if the earbuds are not paired with the Bluetooth device, they will automatically connect to other Bluetooth devices.</p> <p>Q4: Power does not last.</p> <p>A: The earbuds play time varies according to the volume level and audio content. The charging condition may cause fast power consumption.</p> <ul style="list-style-type: none"> When the charging case is out of power, put the earbuds back to the case. The earbuds will turn off automatically. <p>Q5: My earbuds do not work.</p> <p>A: 1) Please check if the charging case is out of power. The earbuds will not turn on without power.</p> <p>2) Please try to put the earbuds back to the charging case. After the B.L. is on for about 10 seconds, then take the earbuds out of the charging case to retest them. If your earbuds still can not work, please contact us.</p>
