Above materials contain secrets, proprietary and technical information, which would customarily be guarded from competitors under 47 CFR, section 0.457(d)(2). Disclosure or publication or any portion of this company confidential material to other parties could cause substantial competitive harm and provide unjustified benefits for competitors.

### 2. Short-Term Confidentiality (STC)

Justification: Valerann is a small start-up that is investing a lot of time and resources in developing a unique traffic management system that can significantly reduce congestion and accidents. Valerann depends on this advantage to be able to provide a service to road operators and also to justify investment from investors, who believe in Valerann's technological edge. If Valerann's proprietary technology is disclosed to 3<sup>rd</sup> parties it would significatly jeprodise Valerann's ability to secure funding and risk never realising the safety and traffic efficiency benefits the system can bring our roads
