Here is our request for FCC Filing:

This is to request a Class II permissive change for FCC ID: 2AR6OHC1000, originally granted on 2020-01-08.

Changes have been made to the digital support circuitry to comply with "Intrinsically Safe" requirements. The transmitter modules have not changed. Please add the IS-HC1.1 test report to the FCC database.

Original Model Number: HC1
Intrinsically Safe Model Number: IS-HC1.1

Sincerely,

Basman Dahleh

SVP Engineering
