Guangzhou Shikun Electronics Co., Ltd NO.6 Liankun Road, Huangpu District, Guangzhou, China

Attestation Letter for Low Power Indoor Client Module Approval (6XD)

FCC ID: 2AR82-SKIWB921A5

Federal Communications Commission

Authorization and Evaluation Division

Attention: OET Dept.

We, Guangzhou Shikun Electronics Co., Ltd, attest that this device complies with device

protocol the following requirements and operational restrictions:

1. Contention-Based Protocol, as demonstrated in the test report, is permanently

embedded in the module and is not host-dependent.

2. This device will always initiate transmission under the control of a low-power

indoor AP or subordinate except for brief transmissions before joining a network.

These short messages will only occur if the client has detected an indoor AP or

subordinate operating on a channel. These brief messages will have a time-out

mechanism such that if it does not receive a response from an AP and It will not

continually repeat the request.

3. Transmissions will be lower or equal to the power advertised by the indoor

low-power access point or subordinate and never above the maximum output

power allowed by the FCC grant for equipment class 6XD.

Furthermore, we fully understand this device is prohibited for control of or

communications with unmanned aircraft systems, including drones.
