

ENDOTRONIX®

Federal Communications Commission  
Laboratory Division  
7435 Oakland Mills Road  
Columbia MD 21046

Subject: Request for Confidentiality

FCC ID: 2AR87ETXCPAS01

To Whom It May Concern:

Pursuant to the provisions of Sections 0.457(d) and 0.459 of the Commission's rules (47 CFR §§ 0.457, 0.459) pertaining to confidentiality material, Endotronix LLC is requesting the Commission to withhold the following attachments as confidential document from public disclosure indefinitely. The following items are requested to be characterized as Long-Term Confidential:

- Antenna Spec
- Clock Block Diagram
- Operational Description
- Reader Schematic
- Internal Photos (Rationale: The PCBs inside the reader are heat staked to the housing and the housing is glued shut. There are no accessible screws to open the reader and any attempt by the user to open would result in the internal parts and/or PCBs to be damaged)

The above-mentioned documents contain detailed system and equipment description about the product which Endotronix LLC considers to be confidential, proprietary, a custom design, and otherwise, not available to the public. Since this design is a basis from which future technological products will evolve, Endotronix, LLC considers this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

In addition to above mentioned documents, pursuant to Public Notice DA 04-1705 of the Commission's policy, in order to comply with the marketing regulations in 47 CFR §2.803 and the importation rules in 47 CFR §2.1204, while ensuring that business sensitive information remains confidential until the actual marketing of newly authorized devices. We are requesting the commission to grant short-term confidentiality request on the following attachments until July 31, 2019. The following items are requested to be characterized as Short-Term Confidential:

ENDOTRONIX®

- myCordella Patient Reader Manual
- myCordella Instructions for Use

It is our understanding that all measurement test reports, FCC ID label format and correspondence during certification review process cannot be granted as confidential documents and those information will be available for public review once the grant of equipment authorization is issued.

Best Regards

---
