POWERUP

Design by Lexon Studio

ENGLISH

IN THE BOX

1x Powerup charging pad | 1x USB-C cable | 1x User manual

PRODUCT OVERVIEW

1.Wireless charging surface
2.LED ring for wireless charging status
3.USB-C port

PRODUCT OPERATIONS

Important note: Powerup is a wireless charger for **Qi-certified devices.**
Make sure your mobile device supports wireless charging.

Follow the instructions below to get the most out of your charging pad.

Step 1: Connect the supplied USB cable to Powerup USB-C port.

Step 2: Connect the other end of the cable to a USB wall charger and plug the charger into an outlet.

Step 3: Place your Qi-certified mobile device on top of the Charging Pad. When the status light on the Charging Pad lights up green, it is now charging.

(A) To get your Powerup charging pad properly operating, make sure to use a power adapter (not included) that delivers at least 15W.

NOTE: Red blinking LED indicates either a foreign object detected or a non-compatible device. Make sure to perfectly align your device with the charger to ensure proper charging operations.

Charging pad plugged in	Green LED flashes twice
Wireless charging in progress	Green LED ON
Foreign object detected	Red LED flashes slowly

SAFETY PRECAUTIONS

- Only use the voltage specified as correct for the device.
- Do not place the device near heat sources such as heaters or radiators.
- Do not expose the device to water during charging, as this could permanently damage the internal components.
- Keep away from corrosive liquids.
- Do not put any metal objects on the top of the charging pad.
- Do not open the device or attempt to disassemble the internal parts or modify them in any way.

PRODUCT SPECIFICATIONS

Material: Aluminium/Fabric/Nonmunn/ABS
Dimensions: Ø137 x 0.24 " (Ø 7.8 x 0.6 cm
Weight: 0.15 lbs / 70 g
Compatibility: Any Qi-enabled devices
Max. wireless output: 15W
Connector: USB-C
Input port: 9V-2A (18W)
Power supply: use with Quick Charge 3.0 Power Adapter (not included) or a DC 9V-2A power Adapter (not included)
Input voltage: 9V-2A
Frequency band: FCC/ 110-205 KHz, EU&UK:110-148KHz
Operating temperature: 32°F - 95°F - 0°C- 35°C
International warranty: 1 year

FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC RF exposure statement:
The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance between 20cm the radiator your body.

IC Caution:

Radio Standards Specification RSS-Gen, issue 5

English:

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

This device may not cause interference.

This device must accept any interference, including interference that may cause undesired operation of the device.

RF exposure statement:

The equipment complies with IC Radiation exposure limit set forth for uncontrolled environment. This equipment should be installed and operated with minimum distance 10cm between the radiator and your body.

French:

Cet appareil contient des émetteurs / récepteurs exemptés de licence conformes aux RSS (RSS) d'Innovation, Sciences et Développement économique Canada. L'exploitation est autorisée aux deux conditions suivantes:

Cet appareil ne doit pas causer d'interférences.

Cet appareil doit accepter toutes les interférences, y compris celles susceptibles d'en provoquer un fonctionnement indésirable de l'appareil.

Déclaration d'exposition RF:

L'équipement est conforme à la limite d'exposition aux radiations de la IC établie pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec une distance minimale de 10 cm entre le radiateur et votre corps.

EU:

This device in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU. All essential radio test suites have been carried out. This restriction will be applied to all Member States of European Union.

This device was tested for uncontrolled environment operations. To comply with RF exposure requirements, a minimum separation distance of 20cm must be maintained between the user 's body and the product.

Declaration of Conformity

Hereby, LEXON declares that the product box LD151 is in compliance with Directives 2014/53/EU & 2011/65/EU. The full text of the EU declaration of conformity is available at the following internet address: https://www.lex on-design.com/assets/certifications-ce-ped.pdf

UK:

The device is in compliance with the essential requirements and other relevant provisions of the UK Radio Equipment Regulations SI 2017:1206 (as amended). This device complies with RF specifications when the device used at 20cm from your body.

Declaration of Conformity

Hereby, LEXON declares that the product LD151 is in compliance with the following Regulations: Radio Equipment Regulations 2017, Electrical Equipment (Safety) Regulations 2016 & The Restriction of the Use of Certain Hazardous Substances in Electrical and Electrical Equipment 2012. The Full text of the UK declaration of conformity is available at the following internet address: https://www.lex on-design.com/assets/certifications-ce-ped.pdf
