nooie (aurora)

Smart LED Bulb

Product Overview

Product Features

Specifications

Model: LB126
Base Type: E26
Brightness: 800 lumens
Rated Voltage: AC 120V, 60Hz
Energy Used: 10 watts
Light Appearance: 2800K-6000K
Wi-Fi Requirement: 802.11 b/g/n, 2.4GHz
LED Colors: 16 Million Colors
Estimated Yearly Cost: \$1.20 (Based on 3 hrs/day)
Life: 22.8 Years (Based on 3 hrs/day)

Setup

1. Scan the QR codes or go to the App Store to download the Nooie Home app.
2. Install the LED light bulb and turn on the device.
3. Follow the instructions in the app to connect the device to your network.

Warning

Nooie Aurora only supports 2.4GHz Wi-Fi network.

1. Make sure that the power is off when installing, removing, or examining the light bulb.
2. Before using this product, please make sure that your voltage is appropriate for the product's working voltage. Using his product with a voltage other than the one specified may damage the product and cause safety hazards.
3. Do not disassemble this product, as the light diodes can cause damage to the eyes.
4. Use your smart light bulb in indoor environments only.
5. Use in damp location.
6. The light bulb will heat up when working. Do not use it in a confined holder for an extended period of time. Ensure sufficient ventilation for the light bulb to allow for heat dissipation.
7. The light source of this product is nonchangable light diodes (LED).
8. The optical radiation of this LED light product complies with the "Exemptions and Requirements" of IEC 62471-2006.
9. Do not use with dimmers.
10. NOT FOR EMERGENCY LIGHTING.

Warranty Terms

1. 30-day return policy and a one-year limited warranty.
2. Timely customer service via support@nooie.com
3. Lifetime technical support provided by Nooie.

FCC COMPLIANCE STATEMENTS

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.
Caution: The user is cautioned that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful

interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
—Reorient or relocate the receiving antenna.

- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

ISED COMPLIANCE STATEMENTS

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s).
Operation is subject to the following two conditions:

1. L'appareil ne doit pas produire de brouillage;
2. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

CAN ICES-005 (B) / NMB-005 (B)

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s).
Operation is subject to the following two conditions:
1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :
