Smart Power Strip SA10

**Product Overview**

4 USB Ports

4 Individually Controlled Outlets

ON/OFF Button  
Reset: Press and hold for 5 seconds.

3.28ft Power Cord

**Product Features**

- 4 Smart Outlets
- 4 USB Ports
- Surge Protection
- Voice Control
- Space-Saving Design
- Overload Protection
- Schedule & Timer
- Remote Control
- 2.4G Wi-Fi

**Key Specifications**

Model	SA10
Color	White and beige
WiFi Requirement	2.4GHz
Input Voltage	120V AC 10A 60Hz
Maximum Output	120V AC 10A 1200W
USB Port	5.0V = 3A Max (Total/Each 3A Max)
Compatibility	iOS, Android
Working Temp	-10 ~ 40°C
Product Weight	430g
Product Dimensions	155 x 105 x 33.6mm

**Setup**

Note: 5GHz network is not supported.

- Scan the QR codes or go to the App Store to download the Nooie Home app. Create an account to add your device.
- Plug your device directly into a three-pronged grounded outlet.
- Follow the instructions in the app to connect the device to your network.

**LED Indicators**

- Flashing White**  
Connecting in progress.
- Steady White**  
The device is working properly.

**Works with Nooie**

\* Please see instructions in the app under the device settings to connect your device to the supported third-party controls.

**Warning**

- Use your smart power strip only in indoor environments.
- Keep away from water and flames that may cause fire, electric shock, or other damage.
- Make sure the appliance is off before you plug it into the power strip.
- Do not use the power strip to operate appliances (e.g. stoves, heaters) where continuous or unsupervised operation could be dangerous.
- If the power cord is damaged, it must be replaced by the manufacturer or a qualified service engineer to avoid any risks to safety.
- The LED module cannot be replaced.
- Please do not disassemble the product.

\* Please read this manual carefully before using the product.

- 30-day return policy and a two-year limited warranty.
- Timely customer service via [support@nooie.com](mailto:support@nooie.com)
- Lifetime technical support provided by Nooie.

**FCC Statement:**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:  
(1) This device may not cause harmful interference, and  
(2) This device must accept any interference received, including interference that may cause undesired operation.

**WARNING:** Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:  
—Reorient or relocate the receiving antenna.  
—Increase the separation between the equipment and receiver.  
—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.  
—Consult the dealer or an experienced radio/TV technician for help.

**FCC RF Radiation Exposure Statement Caution:**  
To maintain compliance with the FCC's RF exposure guidelines, place the product at least 20cm from nearby persons.\*

**Canadian Compliance Statement:**

**English version:**  
This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:  
(1) This device may not cause interference.  
(2) This device must accept any interference, including interference that may cause undesired operation of the device.

**French version:**  
Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:  
(1) L'appareil ne doit pas produire de brouillage, et  
(2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

The device should be installed and operated with a minimum distance of 20cm between the radiator and your body.  
L'appareil doit être installé et utilisé avec une distance minimale de 20 cm entre le radiateur et votre corps.

This Class B digital apparatus complies with Canadian ICES-003.  
Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada. CAN ICES-3 (B)/NMB-3(B)
