RE: Long Term Confidentiality Request For:

FCC ID	Model Numbers
2ARLF-100P	Sentinel 100P

To Whom It May Concern:

This letter serves as an official request for confidentiality under sections 0.457 and 0.459 of CFR 47. We have requested that block diagrams, schematics, PCBs, BOMs, operational descriptions, required to be submitted with this application, be permanently withheld from public review.

These documents contain detailed system and equipment descriptions and related information about the product, which OnAsset Intelligence Inc. considers to be proprietary, confidential, and a custom design and otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, OnAsset Intelligence Inc. feels that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give our competitors an unfair advantage in the market.

Please contact me if there is any information you may need.

Sincerely,

Dennis Shawn Key
