Dear Sir/Madam,

Re: Declaration states : EUT uses previously certified modules.

We, Hoimyung ICT, hereby declare that this model contains previously certified LTE & WCDMA modules (FCC ID: XMR201903EG25G, IC: 10224A-201903EG25G) do not operate simultaneously.

There is no change to module and that the module when installed into this host system(DTM-02L) is identical to what was previously certified under FCC ID: XMR201903EG25G, IC: 10224A-201903EG25G. Thus, the data in below RF test reports for the LTE & WCDMA module is representative for DTM-02L model accordingly:

-RF test report for LTE: HR/2019/1001601 (dated Feb. 28, 2019)
