Dear Examiner:

Regarding

FCC ID: 2ARY2-HCGW3

IC: 24637-HCGW3

This radio transmitter is subject to professional installation according to KDB 353028 D01 with the antenna types listed below, any other antenna is not permitted to be used with the transmitter.

Antenna Type	Freq. (MHz)	Peak Antenna Gain (dBi)
External whip antenna	2402~2480	5.89

1. This device can be installed by authorized dealers or installers only.
2. The device will not be sold retail to the general public or by mail order; it can be sold to authorized dealers or installers only.
3. The installation guide instructs the installer that the device should be installed at a minimum distance of 20 cm away from the driver and passengers.
4. The power cable should be connected to a continuous 12-24V vehicle power source and be securely grounded to the vehicle chassis which requires professional installation.

Sincerely,

Signature:
