Clip yo your body

Clip to your body and ready to use

PRODUCT SAFETY INFORMATION

Please read all instructions and warnings before using this product. Improper use will cause damage to the product.

1. High volume may affect hearing. For traffic safety, do not use earphones while driving or cycling.
2. Supervise children when using the equipment. The product is not a toy.
3. The battery is included in the product. Please do not expose to sunlight, fire, or cases of overheating. The input voltage should not exceed 5V. If more than 5V is used, overcurrent will occur.
4. Please charge your microphone regularly to maintain its lifespan.

Disclaimer:
 *Improper use may cause damage to the product itself and can endanger the safety of people and property.
 *Pivo does not hold any legal responsibility for any damage or injuries caused by improper use of the product. Please use responsibly.

FRONT SIDE

FCC Warning Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- - Reorient or relocate the receiving antenna.
- - Increase the separation between the equipment and receiver.
- - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- - Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The device has been evaluated to meet general RF exposure requirement.

ISED Canada Statement:

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence exempt RSS(s). Operation is subject to the following two conditions:

- 1) this device may not cause interference and
- 2) this device must accept any interference, including interference that may cause undesired operation of the device.

Radiation Exposure: This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment

To maintain compliance with IC's RF Exposure guidelines, This equipment should be installed and operated with minimum distance of 5mm the radiator your body. This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter

D é clarification de l'ISED Canada :

Cet appareil contient des é metteurs / r é cepteurs exempts de licence qui sont conformes aux RSS exemptes de licence d'Innovation, Sciences et D é veloppement é conomique Canada. L'op é ration est sous r é serve des deux conditions suivantes :

- 1) cet appareil ne peut pas causer d'interf é rences et
- 2) ce dispositif doit accepter toute interf é rence, y compris

peut provoquer le fonctionnement ind é sirable de l'appareil.

Exposition aux rayonnements : Cet é quipement est conforme aux radiations du Canada limites d'exposition pour un environnement incontrôl é

Pour maintenir le respect des guides d'exposition RF d'IC, équipement doit é tre install é et actionn é avec une distance minimale de 5mm le radiateur de votre corps. Cet appareil et ses antennes ne doivent pas é tre co-localis é ou en op é ration en conjonction avec toute autre antenne ou é metteur
