ATTESTATION LETTER

Date: 2019-5-16

FEDERAL COMMUNICATIONS COMMISSIONS
Authorization and Evaluation Division
7435 Oakland Mills Road
Columbia, MD 21046

We, Shenzhen Zhongnuoneng Technology Co., Ltd, hereby declare that:
Product Name: Wireless Intercom
Model Number: FTAN40A, ZNN-FTAN40A, FTAN40B,
ZNN-FTAN40B, FTAN40C, ZNN-FTAN40C

The RFIC (BK4815N) used by EUT (FCC ID: 2AS5R-FTAN40A) supports 462 MHz band and 467 MHz band. But 462 MHz and 467 MHz band main channels were disabled by software.

Only three 462 MHz interstitial channels below are activated.

462.6625 MHz, 462.6875 MHz, 462.7125 MHz

Except for the manufacturer, the end user does not have any capability to modify/change the RF parameters. We acknowledge that it is the manufacturer's responsibility to provide the radio configurations to ensure compliance with Commission's rules.

Sincerely,

Signature:
