Troubleshooting

No power from microphone

Recharge your microphone using the included adapter

Music is not playing over Bluetooth

Make sure your Bluetooth device has A2DP profile. Check if device is paired and connected over Bluetooth. Restart speaker.

Bluetooth device will not reconnect with the microphone

Navigate to the Bluetooth settings menu on your device. Tap "TECH SOL KM101" and select "Forget." Now follow the steps to pair your device again.

Specifications:

Power output: 3W
Frequency: 20Hz-20KHz
Driver: 2 inch
Built-in Battery: Lithium 1200mAh
Playback time: Approx. 3 Hours*
Charging time: Approx. 2.5 hour
*Approximate playback time. Battery life depends on individual use and may be slightly more or less than the time specified.

Bluetooth® Information:

Bluetooth® Specification: V5.0
Operating Distance: 30 feet
System Requirements: Bluetooth®-capable device

Additional Connection Sources:

Power Source: Built-in rechargeable battery via Micro USB

Compatibility:

Works wirelessly or wired with most devices, tablets, smartphones and laptops.

This device complies with Part 15 of the FCC Rules and contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This device has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This device generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this device does cause harmful interference to radio or television reception, which can be determined by turning the device off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the device and receiver.
- Connect the device into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

Technical Support:

If you are experiencing problems, do not attempt to fix the product yourself or return it to the store you purchased it from. Please refer to the user's manual or just contact our helpful tech support team:

CHARGING

- Plug the micro USB cable into the micro USB port on the underside of the microphone. Connect the other end of the cable with any compatible charger, wall outlet or USB port.
- When charging, the LED indicator will glow red. Once fully charged, the LED indicator will turn off.
- Charging time is approximately 2.5 hours.

TURNING ON/OFF

- Press and hold the power button on the top of the microphone to turn it ON and OFF.
- The speaker will emit a tone, and the LED indicator will turn on.
- Press the power button again and the microphone will turn off.

PAIR AND CONNECT

- Turn the microphone on. The blue LED will flash and it will automatically go into pairing mode.
- On your Bluetooth-enabled device, navigate to the Bluetooth settings menu, and search for new devices. Wait a few seconds and select "TECH SOL KM101"
- The speaker will emit a tone when successfully paired.

NOTE: If asked for a password, you may need to enter "0000."

Play

- Connect your device to the microphone via Bluetooth. (See "Pair & Connect with a New Device.")
- Open your favorite music or karaoke app and press play.
- Control the tracks & volume from the microphone or use your device.
- Press in the Scan (Play) button once to play/pause music.
- Press the Prev or Next button once to skip to the next/previous track.
- Press and hold the Vol+ or Vol- buttons raise or lower the music volume.
- All audio, including music, games, videos, and notifications will be routed through the speaker.

NOTE: Volume levels on your device and on the speaker are controlled separately.

Mic Volume and Echo

- Achieve a unique sound using the control sliders to effect the microphone's audio.
- Volume - Raise and lower the volume of the the speaker.
- Mic Volume - Control the volume of your voice through the speaker.
- Reverb - Adjust the amount of reverb effect added to your voice.

IMPORTANT Please read before using this product

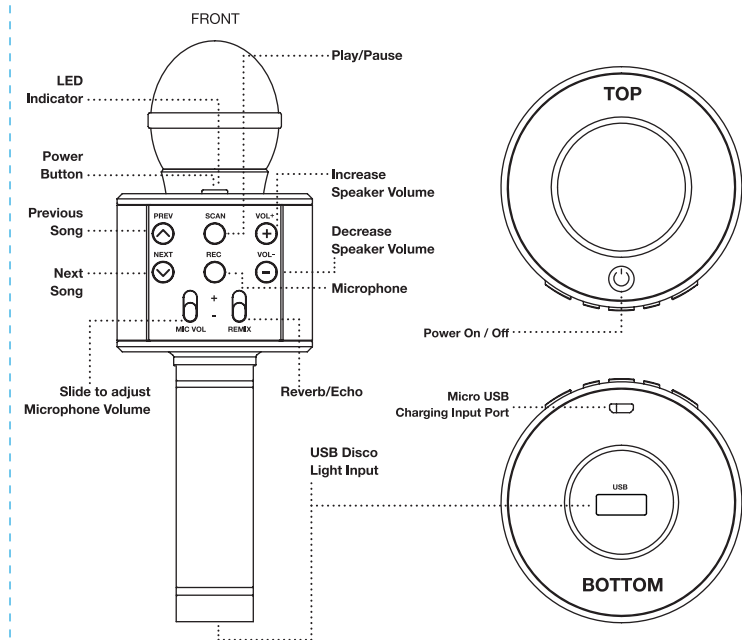

Reconnect to Bluetooth

- You only need to pair your Bluetooth device with the microphone once.
- With your previously paired device's Bluetooth turned on and in range, power on the microphone.
- The microphone will automatically reconnect to the last Bluetooth device it was connected to.
- If a previously paired device does not auto-reconnect, navigate to the Bluetooth settings menu on your device, and select "TECH SOL KM101" from the list of Bluetooth devices.

Karaoke App Support

- The PARTYMIC supports many apps found in Apple and Android App store.
- Try out some of these popular apps: Smule, The Voice: On Stage, Karaoke Sing and Record, Yokee: Sing Like A Star!, and StarMaker
- The microphone also supports using Youtube for your karaoke music and lyrical needs.
- Just search for karaoke songs and press play.
