LED Indicator Guide

- Power on: LED indicator flashes blue for one second
- Power off: LED indicator flashes red for 2 seconds
- Pairing mode: LED indicator flashes red and blue alternately
- Paired: LED indicator flashes blue twice every 5 seconds
- Low battery: LED indicator flashes red with a voice prompt
- Charging: LED indicator stays red during charging and goes off when the headphones are fully charged

Using the Headphones

Charge the headphones

- 1) Plug the small end of the USB cable into the Micro USB port on the right earcup.
- 2) Plug the other end into a USB wall charger or computer (DC 5V) that is powered on.

Pair

- 1) Turn on the Bluetooth of your phone or other Bluetooth devices.
- 2) Turn on the headphones, and the headphones enter pairing mode (indicator flashes red and blue alternately).
- 3) In the list of found Bluetooth devices in your phone or other Bluetooth devices, choose "H033C" to pair.

Connect the audio cable

- Use the 3.5 mm cable (provided) to connect a non-wireless device or to continue using the headphones if the battery charge is depleted.
- 1) Insert the cable into the audio port on the left earcup.
 - 2) Insert the other end of the cable into the audio port on your device.

Care and Maintenance

- Store your headphones**
- The earcups fold for easy, convenient storage. Place the headphones into the case.
- Fold both earcups up toward the headband.

Clean the headphones

- Your headphones may require periodic cleaning.
- Fold both earcups up toward the headband.
- Wipe the outside surfaces with a soft, dry cloth.
- Don't allow moisture to get inside the earcups or the audio input port.

Specifications

- Bluetooth Standard: V4.1
- Wireless Profile: A2DP, HFP, HSP, AVRCP
- Operating Range: 33 feet/10 meters (No obstacles between)
- Charging Time: 2-3 hours
- Talk/Play Time:
- About 25 hours with ANC off (Varies according to volume level and audio content)
 - About 10 hours with ANC on (Varies according to volume level and audio content)
- Charging Voltage: DC 5V
- Charging Current: 5V 500mA
- Battery Capacity: 500mAh/3.7V

Attention

- Use original or certified cables.
- Don't expose to liquids.
- Don't disassemble.
- Avoid dropping.
- Avoid extreme temperatures.

SAFETY AND WARRANTY

Important Safety Instructions

- Use of headphones will impair your ability to hear other sounds. Use caution while using your headphones when you are engaging in any activity that requires your full attention.
- If you have a pacemaker or other electrical medical devices, you should consult your physician before using this product.
- This package contains small parts that may be hazardous to children and should be kept out of reach from children. This product is not a toy — never allow children to play with this product. Always store the product out of reach from children. The bags themselves or the many small parts they contain may cause choking if ingested.
- Never try to dismantle the product yourself, or push objects of any kind into the products, as this may cause short circuits which could result in a fire or electric shock.
- None of the components can be replaced or repaired by users. Only authorized dealers or service centers may open the product. If any parts of your product require replacement for any reason, including normal wear and tear or breakage, please contact us.
- Avoid exposing your product to heat and humidity to protect against damage to the product or injury to you.
- Keep all products, cords, and cables away from operating machinery.

We are happy to offer 1-year hassle-free warranty to all our products as we continue to make amazing wireless product. Please contact us if you have any questions about our devices.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.
